Fred Pfeiffer And Family Injured In Auto Crash At Rome, Georgia

Fred Pfeiffer of the New Wilmington town suffered a fractured skull, his wife, a broken arm, and their daughter Edith in a serious condition in a head-on collision with a car driven by a local man in a Rome, Georgia, automobile accident during the past week.

The Pfeiffer family were returning from a vacation at Rome, Georgia, and were en route to New Wilmington when the accident occurred. The car was completely destroyed, and the family was taken to a hospital in Rome, Georgia, where they are still confined.

Hardware Store Damaged By Fire

TUNKHANNOCK, Pa., June 26.—Fire of undetermined origin swept the big hardware store of the J. Murray Company here, causing a loss of \$100,000 and resulting in firemen being summoned from four neighboring towns to check the blaze from spreading to other buildings in Tunkhannock's business section.

PA NEW OBSERVES

It's an old practice which has run its course and Pa Newc believes that there are few who really miss the car-splitting rears from giant crackers.

This evening the farmers of Lawrence, Beaver and Butler counties will finish pooling their wool at the warehouse down on Moravia street. Looking at those 60,000 pounds or so of wool is quite a sight. They pile it in just like grain or potatoes in case you didn't know.

Just one week from tomorrow will be the Fourth. This year fireworks are banned by city authorities and it would be well for would-be celebrators to look into the matter before getting into difficulty. The chief of police has announced that an intensive campaign against violators of this law will be made next Thursday.

Scores of New Castle students are enrolled in summer courses at different schools throughout the country this year. Most of them have already left to assume their studies.

As yet that depression in North Jefferson street, directly at the crest of the hill near Wallace avenue, has not been repaired. It was called to the attention of the city some time ago, but still it's there. The depression makes a mean job for the motorists.

A little more foresight might have been used in closing the Ellwood City road to traffic before a detour had been constructed. A bridge is planned over Big Run at a convenient point near Cascade Park where traffic will have to make but a short detour.

However, this bridge was not in ready use yesterday when the road was closed and motorists traveling over the detour via the Butler road found a very slippery clay road to travel.

New Castle fireworks plants are working from daylight to dark preparing the Fourth of July pyrotechnics which will be used in all parts of the country in Independence day. These industries employ approximately a hundred men and make thousands of dollars worth of fireworks. They are important assets to the city.

Considerable rain must have been experienced up the Shenango valley during the past few days. The Shenango river has risen three inches in the last two days but is now receding.

Pa Newc observed a man in a car bearing an Ohio license sleeping peacefully on the seat of his car at the corner of Mercer and Washington streets yesterday afternoon.

Last night was one of those rare nights to sleep, a few of which are found during the summer. The maximum temperature during the past 24 hours was 71 while the minimum this morning was 53.

If this newspaper looks a little topsy turvy today, blame it on the painters. Spring housecleaning is on at the News office, and trying to get out a newspaper with a crew of painters at work overhead, is not exactly calculated to get the best results. But, the painters are doing a good job, and a few days will see us back to normal.

Any driver that has to traverse the road between New Castle and Ellwood City past Cascade Park will be gratified when the temporary bridge is completed, so that the direct route can be used. Neither detour in use at present is anything to enthuse about. The one to the Butler road is quite slippery, while the one via Pennsylvania avenue is quite a long stretch.

E. R. Atkinson, of Plainfield, N. J., claims to hold the record for continuous ownership of an umbrella. He bought it in Liverpool in 1870 and has never parted with it since that historic day. It had been recovered three times but he claims it is as good as ever. Can you beat this?

Pa Newc has on his desk an elaborate piece of propaganda, or prospectus, telling about the advantages of a certain portion of Florida. The chief pictures pictured and expounded are pictures of some public schools, hotels and golf grounds. If they can entice about such inducements, think what a wonderful prospectus could be arranged for New Castle, or Ellwood City, or this county in general, giving the actual statistics for industry and agriculture.

Idea of having a vote cast at the coming fall election on the question of installation of voting machines in New Castle, is now being broached here. Under an amendment passed by the voters last year, it is possible to install voting machines in this state, if the voters ask for such a move.

Work is being rushed on the construction of the big addition to the Blair Strip Stee. Company plant on the Butler road. The excavating work for the foundation is in progress and some work on the foundation has been started.

While fireworks are tabooed here this year for children, there are some youngsters here and there that are playing with cap pistols and getting a few "Bangs" by way of celebration of the approaching Fourth.

The Chamber of Commerce headquarters in the Greer building is getting a polishing. The directors room has been repainted and wood work in the remainder of the suite has been cleaned. W. M. Patton and R. A. Walker, supervisors of the building, were superintending the job.

Reports indicate that the detour to Ellwood is not at all inviting. Apparently the road is okay in the center but meeting another car causes no little bit of trouble. Many will probably travel by way of Wampum, though slightly out of the way.

A lot of traffic will be shunted onto the Mt. Jackson road through Bessemer and Poland when the strip to the state line is completed. This will make quite a short cut for motorists going to points West.

A drive which appeals to Pa Newc is to Enon Valley. There is little traffic along that particular route and the pastoral surroundings make a more than pleasant as well as refreshing ride.

Another place where direction signs are needed is on the detour on the Ellwood City road just outside the

city. Strangers are at a loss to know the exact road to follow when turning off the highway at night.

Jack James the only man who ever forced Patrolman Tommy Jones to back down from a dly (the foot race) today called and told Pa Newc that he kept an eye on Tommy today while he enjoyed his noon day rest. "No wonder he don't want to run" said Jack. In fact he intimated that Tommy was quite hungry.

SUGAR TARIFF IS CAUSING WORRY IN REPUBLICAN RANKS

(Continued From Page One)

by the senate will be a foregone conclusion if the president and Smoot agree upon the proposed schedule. The adoption of a dollar-rate, under any circumstances, would be the lowest tariff on sugar within the memory of most tariff experts.

Smoot also announced that his tentative scale would lessen the differential between Philippine and Cuban sugar. Under the house bill, Philippine sugar would be admitted free while Cuban sugar would be given a flat rate of \$2.40 a hundred pounds, a sixty-cent differential against all other sugar importations except Philippine.

The new sliding scale would even out the old tariff commission's sugar report. In 1924, the fact-finding body recommended to President Coolidge that the tariff on Cuban sugar would be fixed at \$1.25 per hundred pounds. Mr. Coolidge never took any action on the commission's recommendation.

In the Smoot schedule, the dollar-rate would apply only when sugar is selling high on the American market while the high \$3 rate would be invoked when sugar prices here were in a slump.

Although Smoot would not confirm it, the new scale probably will fix the dollar-rate when sugar is selling in New York at \$7.00 a hundred pounds. The high rate of \$3 per hundred pounds, probably would apply when sugar prices had declined to \$4 a hundred pounds on the New York market. The entire scale, however, will be given out later in the week, when Smoot has presented it to the finance committee.

The sugar hearings started this morning before a finance subcommittee, of which Smoot is chairman.

row apparently are in favor of joining the greater city. Dominant, however, went into the negative column, after first sponsoring the idea. Homestead reversed its stand, now favoring adoption of the charter, while Wilkensburg, Duquesne and Clanton failed to provide the two-thirds majority.

There was little doubt as to the desires of the city of Pittsburgh to acquire the other communities within its borders for a total acreage of 175 square miles.

In the city proper the vote was overwhelmingly in favor of the changed charter and extension, but the two-thirds rule and the light vote apparently had combined to defeat the project.

and will speak again this evening in the Cathedral.

A special feature of the evening address will be selections by a colored chorus of fifty voices led by Mrs. Katherine Enns.

The mid-week prayer service has been omitted in practically all of the city churches in order that the congregations may have the opportunity of hearing this prominent minister.

From all indications a large audience will greet Dr. Tindley this evening as much interest has been created in his coming to this city by both white and colored people.

Dr. Tindley came direct from Philadelphia to New Castle.

At noon he spoke briefly to the Kiwanis Club.

Twin Brothers At U. Of Minnesota Baffle Teachers

MINNEAPOLIS, June 26.—"Nip" and "Tuck" Teeter, twin brothers attending the University of Minnesota, find it most convenient always to have a "double" available.

Students and faculty members have despaired of ever being able to distinguish between the Teeter boys. When "Tuck" turned in a stellar performance in a wrestling match against Iowa university, Nip was congratulated on all sides.

Friends say "Tuck" never turns down an invitation to a party because if he can't go Nip can, and nobody will be the wiser. Both brothers deny, however, that they fill in "dates" for each other.

Recently the suspicion of the faculty was aroused over rumors that "Tuck" who likes science, writes Nips, anti-war pact.

MISS RUTH MEHARD WEDS VOSE FRAZIER

The home of Mr. and Mrs. Earl E. Book, Neshannock avenue, was the scene of a lovely wedding this morning at 10 o'clock when the latter's sister, Miss Ruth Mehard, daughter of Edward L. Mehard, Morton street, became the bride of Vose Frazier of Pittsburgh, son of Mr. and Mrs. Samuel H. Frazier, of Jackson, Ky.

Dr. A. J. Baughman, pastor of the Second United Presbyterian church, officiated with the ring ceremony, which was solemnized beneath an arch of roses and palms, in the center of which hung a white wedding veil.

Preceding the ceremony Miss LaRue Leonard of Pittsburgh sang "O Promise Me" and "Until".

The bride was attractive in a gown of white georgette, and carried a bridal shower of roses and lilies of the valley. She was attended by her sister Miss Kathryn Mehard, as maid of honor, who wore a gown of orchid georgette, and carried tea roses.

Miss Luella Moorhead as bridesmaid, was attired in pale green georgette, and carried tea roses.

Melvin A. Pletcher, of Pittsburgh, served as best man.

Supplementing the ceremony a buffet lunch was served to 35 guests. Color tones of green and white were tastefully carried out in the appointments. The aides were Miss Anna Mehard, and Mrs. Thomas Byers.

Out of town guests were Mr. and Mrs. Ross Leonard and Miss LaRue Leonard of Pittsburgh, Mr. and Mrs. Beighley of Portersville, Pa., and Mrs. Harry Kossing of Wurttemberg, Mrs. Charles Moorhead of Slippery Rock, Mr. and Mrs. Ross Cowan of Ellwood City.

The bride is a graduate of the local High School class of '25, attended Penn State and Slippery Rock State Teachers College, and has been a teacher in the Wurttemberg school.

Mr. Frazier, attended Lehigh Institute at Jackson, Ky.

Mr. and Mrs. Frazier left later for an extended wedding trip to Florida, Cuba and the Bermudas, and enroute home will spend several days with the groom's parents in Jackson, Ky. After August 1, they will reside in their newly furnished home on Duquesne Heights, Pittsburgh, Pa.

Youth Attempting Hospital Escape Is Victim Of Drowning

(International News Service)
WILKES-BARRE, Pa., June 25 — Carl Davies, 18, was dead here today, victim of an ill-fated attempt to escape from Reformatory hospital by swimming the Susquehanna river. Davies was seized with a cramp midway across the river and drowned.

COATS AND 90 IN THE SHADE

Why is it required in summer time that a gentleman wear his coat everywhere except on the golf links or tennis court or in the swimming pool?

Dignity demands it, some say. Also, it has always been the mark of a gentleman to wear a coat, no matter how ridiculous he looks mopping his face and brow or fanning himself violently with a handkerchief.

Sports clothes have emancipated women so far as summer apparel is concerned. Short sleeves, no collars, light and airy materials, loose fitting, straight-line costumes, all help the female of the species, by the shelter of dignified nation, to look cool and comfortable in the eyes of sweltering man.

Why do not the men declare a little independence in this matter? Returning suspenders are to be worn beneath the shirt, so that dignity need not be sacrificed when the coat is removed. As an office uniform the coatless outfit should make for greater comfort, increased efficiency and smoother tempers. Why not discard the coat except when formality or comfort demand its use?

Although man never tires of bantering the opposite sex for being the slave of fickle fashion, there are good reasons for suspecting that menfolk would cast aside the coat for the sake of comfort if it were not untasteful. Husbands gibe their wives for being too conventional and melt under a heavy coat merely because it is unconventional to remove it in the presence of others.

WITH CONGRESS OFF HIS HANDS

PRESIDENT HOOVER ought to be a happy man. Congress is off his hands for some weeks to come. True, the senate's finance committee will be laboring with tariff bill construction, and doubtless he will be consulted as the work progresses, but he will be comparatively free, or will be when his term board has been created. With senate and house absent, there is no immediate legislation to bother him.

He might take a well-earned vacation, but he has deliberately chosen to remain in Washington. The streams invite him for fishing, and he loves week-end excursions. Very modest are his desires for recreation, but they seem to be sufficient for his purposes, and now that congress is in recess he will be able to enjoy them to the full.

No president wishes a congress in session during the summer months, and Mr. Hoover is fortunate that the situation relieves him of its presence.

COMMUNITY FIREWORKS SHOW SALES GAIN

TRADE reports from New York indicate that manufacturers have booked orders for fireworks displays in advance of their expectations. Business has been especially good in elaborate displays for community exhibitions, large private parties and country clubs.

The development is to be commended. Fireworks are not evil in themselves. They have a beauty and thrill worthy of being retained in our modern life. But shifting them from the dangerous handling by many individuals, including hosts of children, to experts who operate on a large scale is a form of paternalism that may be indorsed, and one which is a direct aid to one of New Castle's line of diversified industries. Some of the best displays to be seen in the country this year are being manufactured here.

The Way OF THE World

By GROVE PATTERSON

MODERN SOME MODERNISTS

Some preachers who pride themselves that they do not preach an outworn theology and beliefs that are fading out of mind, have not succeeded in building up a philosophy of life that is sufficiently appealing or constructive to appeal to young people in this changed world in which an attack on old beliefs, a declaration in favor of modern opinions in mere generalities, or a weak, negative preaching are worse than useless in this day when boys and girls ask more questions than their fathers and mothers did.

The old-fashioned Sunday school lesson and the old-fashioned preaching do not meet today's problems and today's needs. But neither does negative preaching or the expression of mere generalities. It is the principal business of the pulpits today, in the humble opinion of this writer, to show that Christianity is not a drama or a system of religion but a way of life.

BOOKS

When a man has written a book he has attached a kind of distinction to his name. He thinks so himself. And yet, so into a bookstore and look over the counters and you see hundreds of books that are neither worth writing nor reading. There are thousands of books on subjects to which the writer has nothing new to contribute. There are other books which are so exaggerated as to give the impression of a false picture of life. It is a worthy distinction to have written a book. It is a distinction to have written a book that is worth reading.

A TIP

Now and then the writer of this column recommends a book. It isn't done very often—only when the writer is sure the book is interesting, stimulating and helpful. The tip today is not on a 1929 book, but on one that is perhaps a couple of years old. It is called "The Meaning of a Liberal Education," by Everett Dean Martin. If you have any doubt as to what education is, the doubt will be cleared up in this book. Dr. Martin may say some things with which we will not all agree, but he will shew a vast quantity of bunk out of our minds.

THE REAL CRUSADERS

History will indicate that those who give their days to pushing a "cause" to which they are devoted with blind zeal, make a smaller contribution to their world than those who patiently and more quietly seek for truth. The real crusaders may be heard from very seldom.

Mr. and Mrs. Bogueus of Chicago, returning from a cabaret at night were followed by two ladies and gentlemen and held up with guns. The robbers took from Mrs. Bogueus three bracelets and two rings worth \$35,000 and drove away—nobody hurt.

Morn—When you take your wife to a cabaret frequented by gunmen as most cabarets are advise her to leave her jewelry at home.

A bright beam of sunlight in Wall Street Monday for money lenders. Banks called \$50,000,000 in loans and all money for 9 to 10 percent on new business.

Such \$100,000,000 in real money will be needed for semi-annual dividends and interest. Look out for more sunshiny sunlight then.

One hundred million dollars cannot excite a single Sun one way or the other. But it turns out that he will probably have a surplus of \$200,000,000 instead of \$100,000,000 when Mr. Mellon counts up his income tax receipts.

Hark To Gen. Dawes.

Mr. Ziegfeld's Brunettes.

Mr. and Mrs. Murry Guggenheim providing millions for children's free dental clinics set a good example. Nothing is more important to the health of children and the welfare of future generations than care of the teeth in youth.

Some dentists incompetent will say will say it is an outrage to ruin them by supplying free dentistry. More intelligence would tell them that the Guggenheims' inefficient philanthropy, teaching children the importance of caring for their teeth bringing them up with teeth worth keeping will provide for competent dentists 10 times as many paying patients as they ever had.

Destruction by lightning of the historic \$1,000,000 convent of the Sacred Heart near Montreal calls attention to the importance of lightning rods properly constructed.

Thousands of buildings are equipped with lightning rods worthless, even dangerous.

Applied on a scientific basis with the correct use and amount of copper lightning rods can make buildings practically lightning proof.

Gen. Dawes studies even his friend "Heli and Maria" by going everybody one better.

He says "Nothing but water in the American embassy in London. It is United States territory, therefore under the Volstead act."

Even Britishers invited to the embassy will drink the health of the King in water. They will consider that bad luck but they are superstitious.

Mr. Florenz Ziegfeld whose name replaces that of "Little Rollo" as a household word turns towards beauty as the faithful needle turns to the pole.

But hitherto he has pointed only to blonde beauty.

Now he announces "my first brunet star" Miss Ruby Keeler is to be "glorified at Ziegfeld's theater in Ziegfeld's new show beginning July 1. If you are in New York see Miss Ruby and study "the reaction of a gentleman that have hitherto preferred blondes."

Life in the Antarctic has made Commander Byrd and his companions realize blessings that we do not always appreciate.

Over there in the long night they are eagerly waiting to see the next sunrise many weeks hence.

How many of us take the trouble to see the sun rise or give a thought to man's blessings on this beautiful earth?

The Byrd expedition groping in the half darkness in Antarctica snow will appreciate regular sunrise and sunset when they return to this blessed land.

You read in the New Testament of the unhappy woman saved from death by stoning and that method of inflicting death, brutal among the Jews to whom crucifixion was unknown seems far away.

But today's news from Russia Turkistan tells of nine Mohammedan fanatics sentenced to death, others to long terms of imprisonment for stoning to death a Moslem poet, turned Bolshevik.

The poet hitherto popular as Mohammedan had advocated the unveiling of women. As he walked in the market place the mob urged to stone him to death, cheerfully obeyed.

Mobs today are not much better than they were 1,000 years ago. But the average is better fortunately.

Mr. Coleman lost \$1,000,000 in business and hanged himself in the cellar.

Frederick Martinego only 29, was found dead by his wife. He poisoned himself and died while a talking machine played Chopin's "Funeral March."

Not how many but how few commit suicide astonishes you.

In the "will to live" nature has planted in us a determination hard to overcome.

If the average constitution were as powerful as the will to live cancer, heart disease and tuberculosis would work against us in vain.

Hints and Dints

Sun sets tonight 7:33. Sun rises tomorrow 4:33.

It's impossible for some birds to resist and abusing easy credit.

A 19-year-old girl at Allentown, Pa., tried to commit suicide by jumping into the river because she was afraid to go home after staying out all night. Wonder what a girl could be afraid of after being out all night?

Young Man: "When I bought a motorcycle from you a few weeks ago you said if anything broke within six months you would supply a new part free."

Salesman: "Certainly, sir. What can I do for the pleasure of supplying you with?"

Young Man: "Well, I want four front teeth."

People who buy and pay on the installment plan are certainly better citizens than those who buy on credit and never pay.

Blithers: "So Smith is a strict vegetarian?"

Blithers: "Yes. He won't even let his children eat animal crackers."

Ex-Vice President Dawes, was a soldier, being a General in rank. He has probably accomplished more big things internationally than any other American. He is an honest go-getter and there is no dishonesty about him. In spite of this he probably would not be elected president of the United States. Hammer throwers are always after the doers.

Gladys Fish: "Oswald, you tease. Stop tickling me!"

Oswald, a musician: "Oh pardon, Gladys; I was just running over the scales."

Nothing that can happen to us, no misfortune that can befall us seems quite so important at the time, as the first dent in the fender.

THINGS THAT INTEREST ME

There is danger in too much courtesy. Every virtue becomes a vice if it is carried too far, and frank rudeness is better than servility or hypocrisy. Commercial courtesy is no better than a disguise for a firm to adopt some such idiotic motto as the customer is always right. No organization could ever live up to such a policy, and the principal back of it is un-democratic, un-American, unsound and untrue. The customer is not always right and the employer in a big or little concern who places girls (department stores are the chief sinners in this on the front line of approach with any such instructions) as a menace to self-respecting business. America does not want a servile class with a "king-can-do-no-wrong" attitude toward the public. Business is service, not servility, and courtesy works both ways. There is no more sense in business proclaiming that the customer is always right than there would be in a woman declaring that she is always right, and in no more truth. From "The Book of Business Etiquette."

If you would win a man to your cause, first convince him that you are his sincere friend.—Lincoln.

What has become of the old-fashioned wife who felt sorry for her husband because he had to work too hard?

I had much rather talk to an uneducated man whose mind is bright than to the ordinary college graduate; for the intelligent man who has no "book learning" has ideas on many subjects and tries to understand the world's current problems, while the average college man hasn't used his brain since he got his diploma and his conversation is but a repetition of academic platitudes or senseless chatter about his neighbors and the day's "news"—meaning the day's tragedies and scandals considered worthy of headlines. No talk is more inane and meaningless than that of the "educated."

No more alarming combination could be imagined than a dominating personality driving a five ton truck.

Mrs. Jurawood: "Mother, give me a recipe for hash."

Her Maamma: "There is no recipe; just collect after a few days."

We can see the automobiles going up Highland avenue from our house. And the way some of them do go. We notice some going about sixty miles an hour and the driver was blowing

man who hasn't chewed the cud of an idea since he closed his last school book.

We have just discovered that we were not invited again to the Alumni picnic at Cascode park last week. Ever since those boys and girls found out that we never went to school they have given us the go-by. We are not sure, but did notice the slight a week after the picnic was over when someone mentioned that we were not there.

You can give a boy a car and a bank roll and turn him loose, but it's quicker to knock him in the head.

If there are any signs of the fire-works ordinance being violated, just grab the violators by the neck and dragging them to the hoagwood will have a good effect on others who have inclinations to bust the law.

"We must concentrate all our faculties." True, brother, or else choose a theatre that doesn't use talkies.

You can't expect much reverence for the courts in a land where everybody knows whether the accused is innocent or guilty but nobody knows what the jury will do.

I enjoy sitting on the sidelines at a fancy ball and observing the hundreds of women who pass by. All individually melts into the spectacle. Each woman probably spent the greater part of the day getting scrubbed, frazzled and powdered, and the best part of a month assembling clothes. Each hoped to stand out above all the others, either by the modesty or the daring of her costume.

How ironical that thirty-six chose a vivid red, sixty-eight chose black, and forty-three chose white! With such competition what chance has one person to become the focus of all eyes?

What disappointment! At a small dinner any one of the costumed would evoke enough comment to make a woman's soul glow for a fortnight. At one of these crowded assemblies none gets more than a glance. I can think of no human activity that offers such a small measure of pleasurable realization compared to anticipation as a large and mighty social function.

We'd like to live long enough to see whether these books on child psychology produce any future Presidents.

Ban Against Riot-Guns Lauded As Civilizing Bootlegger War

President's Appeal To Communities For Aid In Enforcing Prohibition Also Given General Approval

By The Press

Orders against the use of riot-guns by customs officers and prohibition agents on the Canadian border are generally commended by the press, although there is a strong sentiment against any action which would render the government forces helpless against armed bootleggers and approval is given President Hoover's appeal to communities for aid in enforcing the law against international criminals.

"It was high time," says the CHICAGO DAILY NEWS of the riot gun order. "Scatter guns that snook motor-car drivers in the head when their welders aim at the tires of the vehicles, or throw their own or not of a sort to prompt either and a state of panic which is highly dangerous of the border communities and the MILWAUKEE JOURNAL deplores the fact that the men who are being killed are all the saddest criminals."

"The President makes a reasonable request for a sympathetic attitude toward this effort to enforce the law," observes the LOUISVILLE TIMES. "In that appeal he will have the sympathy of citizens who do not feel so deeply against prohibition that they are sympathetic with even the worst class of criminals who strive to defeat it rather than with any Federal officer who risks his life dealing with such criminals. No doubt the President will be supported in the view he expresses by a large majority of the people of the United States."

The United States government, or any State worthy of the name, according to the WHEELING INTELLIGENCER, "will not be bluffed by the commercialized run-running organizations, their gunmen, or their allegedly respectable sympathizers. Already, according to information reaching the Treasury Department, there is an unprecedented amount of money being raised for the preparation for further mass law violation." The KANSAS CITY TIMES emphasizes the point that "the burden of enforcement has been left wholly with the United States, and the SPOKANE SPOKESMAN-REVIEW voices national disappointment that Canada has decided to decline the American government's request that it cease to issue clearance permits carrying liquor to American ports."

THE MONEY-MAKERS

As I go wandering up and down Among the people of the town, This strange but merry song I meet With its words of earth and nature sweet, And I wonder who is the man who wrote The trick of making money true.

Great souls there are among the throng, Who have the gift of mirth and song, And some there are from suburban day, Can bring the flowers to bloom in May.

And yet somehow they seem to lack That subtle money-making knack.

And there are men whose minds have caught And held from books our noblest thought.

Wise men and tender, clean and true, Who know so much of life and duty, Yet in the world where business rules They seem to be the blundering fools.

Oh, beat your tent on it you will, But friendship is finer still, And being rich is not the goal, Which proves the splendor of the soul.

For many a great heart I recall, Who can't make money good at all, Copyright, 1928, Edgar A. Guest.

The World AND THE Mud Puddles

Third installment of a Diary kept by Lawrence A. Wilson, of San Diego, California, upon his visit to Russia in 1928, published exclusively in The New Castle News.

July 25

I AM NERVOUS

The world is small! There is a young woman on board with a fine table of the Trans-Siberian Railway, with it all. "C. V." penciled on it. It was given to her, she said, by a man from China enroute to America. "Not Lucius Chapin Porter?" I exclaimed. "Yes! My Yale classmate, now Dean of Yen Chai University."

I am beginning to get jumpy. What will happen to us when we land in Russia? Will we be subjected to psychological tests to which all candidates for the Communist Party, I am told, must submit? We are all like children in the dark. We fear the unknown. A celebrated behaviorist once said to me: "I fear neither ghost, God nor devil. But I am in a cemetery at midnight, at the rustle of a leaf, I feel the chills creeping up my back! So it is with the members of our party. We know that we need fear no bodily harm, and yet we cannot help feeling a bit creepy."

The son of the world famous scientist, Dr. Miliken of Pasadena, is a member of our party. He, too, seems a bit apprehensive.

It seems as though, after numerous years of propaganda, Red and White, it is now time to make a dispassionate survey of Sovietism. So this party of ours is determined to see to ourselves. We realize that it will be difficult to keep down passions for one must not

deeply when he is in Russia. But we shall try to see things clearly and tell about them impartially. It will be difficult to be impartial. For it will be easy to make out a case for or against Bolsheviks by just sliding over or ignoring a few facts.

Orangemen To Picnic July 13

Entire District Will Send Delegation To Cascade On That Day

Final arrangements for the annual picnic of the New Castle district have been completed and it is expected that this year's picnic at Cascade park on July 13 will be one of the most successful ever held.

The committee in charge comprised of members of Victory district No. 14, local, recently and representatives from the other districts, including the following: William J. Baker, Elwood City; Ben J. Baker, Sharon; Youngstown and other districts were in attendance.

A picnic and banquet for the ladies' picnic will be a feature of this year's picnic program. It will occur at 1 o'clock during the afternoon, and since there are 10 lodges in the Victory district it is anticipated that good team work will be seen.

The full program for the day has not yet been announced by the committee but is expected to be soon.

Number Of Drunks Is On Increase

The police have been having an epidemic of drunkenness to contend with at the present time. There have been quite a number of drunken men in police court each morning and the number this morning was increased to five. The feature of this increase in drunkenness is the fact that these men who are being arrested are practically all old timers, left over from pre-Victorian days, and that their drunkenness has been occasioned by drinking alcoholic rubbing compounds and bay rum. Of the five in police court this morning, three were discharged, one left a forfeit of \$5 and one is working out his fine.

Police Dump Two Barrels Of Wine

Approximately two barrels of wine confiscated by the police in various raids throughout the city were dumped this morning into the city sewer in the patrol barn. The destruction of the wine with other liquors was made necessary because of the fact that the cases affected have been settled and the evidence is no longer needed. Chief of Police C. C. Horner presided over the dumping of the liquor.

Chief Clerk Takes Up Residence Here

J. C. Johnston, chief clerk to the superintendent of the Erie and Ash-

Mr. Johnston was formerly employed on the Pittsburgh division at headquarters at Pittsburgh, and during that time had his home on the outskirts of the city.

Ellwood Man Enlists For Service In Hawaii

Robert W. Macee of Spring avenue, Ellwood City, who enlisted here through Corporal J. W. Thompson of the local army recruiting station this week, has been finally accepted at the Pittsburgh office and is now en route for Fort Slocum, N. Y.

He enlisted for service in the Field Artillery in the Hawaiian Islands and will go by an army transport from New York to Panama canal and through it and up the western coast to San Francisco, then over seas to the Hawaiian Islands.

There are many other similar opportunities for young men to travel and also serve their country at the present time and Corporal Thompson will be glad to give all possible information to those interested.

Railway Traffic Halted By Wreck

International News Service. STROUBSBURG, Pa., June 26.—Traffic on the Lackawanna railroad here was tied up for five hours today when two cars and a caboose of a east bound freight train were derailed a short distance east of here. None was injured but thousands of dollars of damage was caused and more than 100 feet of track torn up. A broken flange on a flat car was blamed for the accident.

parations are being made for three great celebrations, lasting for a number of days, in addition to about a hundred smaller ones which will take place on July 4th.

At White City Park, Chicago, the New Castle Fireworks Manufacturing Co., has been engaged to furnish the fireworks for a 15-day celebration, opening July 3rd. Also a seven-night celebration, opening June 28th, and closing July 5th, has been booked. Another large display will be staged at West Union, Ia., by this concern. Then in addition, there are many others which will be given by them on the Fourth.

A force of 40 people, most of them expert fireworks manufacturers is now employed getting these great displays of display pieces ready for these displays.

Many Contracts.

The Vitale Fireworks Manufacturing Co. on West Washington street extension is also working from daylight to dark, getting ready for the many displays they have contracted for on the Fourth. Twenty expert workmen, and more than a dozen others are busily engaged in making these displays ready.

The Vitale Co. has contracted to give displays at Elyria, Pa.; Spencer, W. Va.; Mansfield, Pa.; Takoma Park, Md.; Carlisle, Pa.; Chambersburg, Pa.; Flint, Mich.; Northville, Mich.; Cadillac, Mich.; Eastwood Park, Detroit; Warren, O.; Conneaut Lake Park, Huntington, W. Va.; Tonawanda, N. Y.; Washington, D. C.; and Betworth Park, Washington, D. C.; where experts from the local factory will go to set off the displays.

Then in addition, there are about 150 smaller orders, which will be filled and shipped, with instructions as to how to fire them, and which will be set off by the recipients.

Fazzoni Brothers, who operate the third fireworks manufacturing plant on English avenue, are also busy on many Fourth of July contracts, they report, and will stage exhibitions in a number of large cities throughout the country on that date.

After the Fourth of July is out of the way, these local factories will begin preparations to fulfill contracts for the various state and county fairs all over the country, where they will stage demonstrations lasting from one night to a week, which will keep them extremely busy throughout the rest of the summer.

Few people realize the magnitude of these local industries, which all told, employ close to a hundred people, many of them expert workmen, who turn out some wonderful displays.

present as will a squad from the Watt post of the American Legion at Elton Valley.

March To Monument

The Builders band of New Castle will head the procession marching from the hall to the monument for this service.

All Civil War veterans especially, and their descendants, as well as veterans of other wars are invited to attend the annual affair. Descendants of Civil War veterans will be asked to attend a special business meeting which will probably have to do with the manner of handling other such reunions.

At two o'clock the procession will have moved to the Mt. Jackson high school auditorium where the program for the afternoon will begin.

Times listed for all of the day's activities are Eastern Standard time.

The program follows:

"America"—Assembly led by W. E. McCullough.

Invocation—Rev. Ross Haverfield.

Music—orchestra.

Vocal solo—Frances Fullerton.

Reading—Mary Laughlin.

Violin solo—Wallace Brewster.

Reading—Paul Gilmore.

Community singing.

Address—Dr. C. J. Williamson.

Selection—orchestra.

W. S. Caskey is general chairman of the day; E. O. Reed, vice chairman; and Miss Leora Hanna, secretary.

Rides In Plane On 93rd Birthday

International News Service. PHILADELPHIA, Pa., June 25.—It remained for Mrs. Cecelia Hand Rogers 83 years young, to conceive a new and modern means of celebrating her birthday.

Mrs. Rogers took a zipping, westful airplane ride, keenly enjoying the twists and turns. Anxious relatives on the ground awaited the plane's landing, fearful the aged woman would be terrified by the experience.

Mrs. Rogers climbed steadily from the plane and turned to the pilot.

"That was fine," she said "only next time, we'll have to go higher."

Hawkes Ready To Start On Record Non-Stop Flight

Captain Hawkes And Mechanic Will Race To Coast And Return To New York City

(Continued From Page One)

ROOSEVELT FIELD, N. Y., June 26.—Frank M. Hawkes, who completed a non-stop flight from East St. Louis to Roosevelt field late yesterday in six and one-half hours in a Lockheed Air Express plane, plans to take off at 4 a. m. tomorrow on a non-stop trans-continental flight to Los Angeles, and then to make the return trip here again.

His plane is the Texaco No. 5, the same with which he established the present west to east trans-continental record of 18 hours 22 minutes last February. He is accompanied by Peter Clausen, his mechanic.

Hawkes said that when he arrives in Los Angeles he expects to have his tanks refilled and the ship checked, and then to start back immediately for New York without getting any sleep. He hopes to make the round trip in 36 hours, he said. He will follow the great circle course across the country in both directions.

The present east to west record in 24 hours and 50 minutes, made by the late C. B. Collier and the late Harry Tucker.

Close Ellwood Road; Detour In Bad Condition

Many Motorists Get Into Difficulty Using Present Detour Because Of Rain

TEMPORARY BRIDGE WILL BE ERECTED

Motorists traveling between New Castle and Ellwood City are advised to use another route or exercise extreme caution at least while the road is in a very slippery condition at the present time.

A detour has been established via the Butler road, turning to the right just beyond Senator Weingartner's home, coming back onto the road near East New Castle. This road is mostly clay, and has been eroded too high. The result was that many machines skidded into the ditch and had to be towed out.

One motorist who went over the detour early yesterday afternoon, reported that he saw two trucks and seven passengers cars in the ditch and that he had great difficulty in making the trip in safety.

A temporary bridge is being constructed over the Big Run just north of the present bridge, crossing the tracks near the Western Railway and coming back out onto the road near the filling station.

ing station a short distance beyond the present railroad bridge which is being repaired. This will not be ready for several days, it is stated.

Motorists driving between New Castle and Ellwood City are advised to use another route or exercise extreme caution at least while the road is in a very slippery condition at the present time.

Boys Engage In First Fight, One Killed In Bout

CHICAGO, June 26. A fist fight between two school boys over a trivial bridge today had led to the death of one and the arrest of the other.

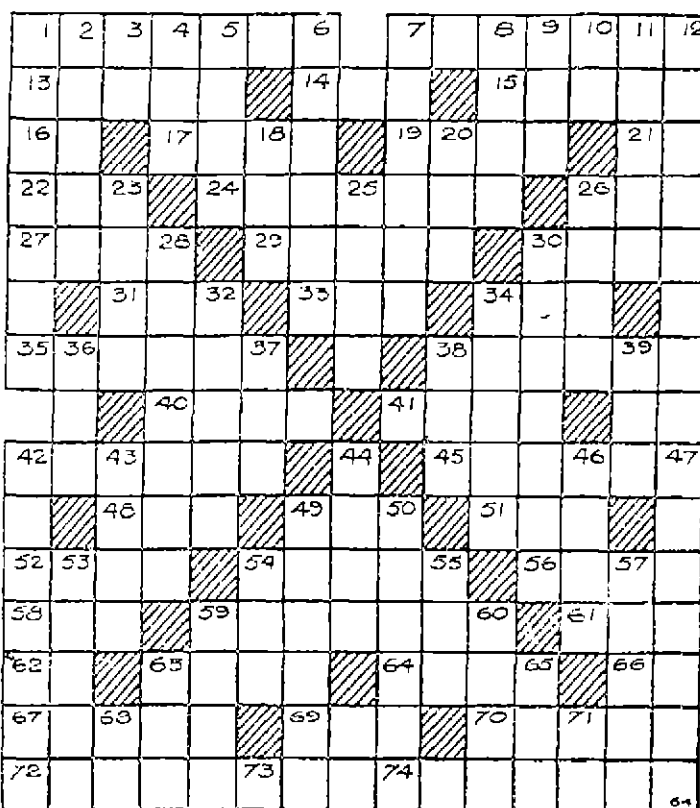

Harry Headlin died after a blow in the abdomen dealt by Roy Stokes. The incident occurred after Stokes, 15, a member of the junior patrol directing school traffic, refused to permit Headlin, also 15, to cross a street until he gave the order.

Lady Astor Marvels At Modern Devices

LONDON, June 26.—What is the world coming to? exclaimed Lady Nancy Astor, Great Britain's most noted woman member of parliament, Tuesday when she was told of the telephone conversations held between an airplane over New Jersey and a London business office.

"This is a most marvelous feat! But it only goes to show that there is no peace on earth or in heaven. Man the present bridge, crossing the tracks near the Western Railway and coming back out onto the road near the filling station."

PETER TAKES A CHANCE AND LIVES

Then just as Peter had begun to think Spider had lost his reason and was climbing a tall bit of stubble to find out what the funny fellow really was up to, he saw something shining in the sunlight. Delicate silken rays stretched from blossom to leaf and from leaf to blossom. Peter noticed how much they looked like the spokes of a wheel and was just about to say so, when Spider changed his course and began to run in circles over the rays that stretched from leaf to blossom.

At last, quite out of breath but happy because he had finished his job in time for his wife's inspection, Mr. Spider sat down to rest in the middle of the web he had spun that now sparkled in the sunlight.

"Well, what do you think of my front porch?" demanded Spider of Peter. "Isn't it a nice one and didn't I build it quickly?"

"It is and you did," Peter answered, two questions at once, then asked one of his own. "But aren't you tired you will fall through the threads?" Your web is beautiful, Mr. Spider, but I must say it does not look very strong."

The spinner of the web gave a spider's chuckle.

"Fall through the web I built? Not I nor several others my size. Why, this web is spun so well and strong, that it will hold you. Climb up here beside me, youngster, and we will sit in the sun and gossip. I like to gossip, don't you?"

Peter nodded, and not waiting for another invitation, slid down the stubble. Seeing that the boy was going to take him at his word, Spider held up a warning claw.

"Let me warn you, youngster, watch your feet and be careful not to get your feet tangled in the threads again. As I told you, they are strong but of course they are not built to stand the strain of rough, blundering feet. Take care."

Lydia E. Pinkham's Vegetable Compound Helps Her So Much

Cleveland, Ohio.—"I sure recommend Lydia E. Pinkham's Vegetable Compound to any woman in the condition I was in. I was so weak and run-down that I could hardly stand up. I could not eat and was full of misery. A friend living on Arcade Avenue told me about this medicine and after taking ten bottles my weakness and nervousness are all gone. I feel like living again. I am still taking it until I feel strong like before. You may use this letter as a testimonial."

GIVES HIS OPINION.

Editor News—

After reading with much interest and amazement, the expressions of both the white and Negro Press, concerning the Tea Party, held recently at the White House, at which time the First Lady of the Land, entertained the wives of our congressmen, among whom was found one of our group, Mrs. Oswald DePriest, of Chicago, I have about concluded that in both White and Colored Press, opinions have swung to the opposite extremes.

Hence a suitable caption, would be MUCH A-DO ABOUT NOTHING. In the first place the so-called Tea Party, was no special affair for Mrs. DePriest, as is clearly seen, it was simply in keeping with an established custom, then why the alarm? Now, to be candid, the Negro, that is the thinking Negro, cares very little about the White House courtesies since he knows it is simply a matter of course, and will have no effect on his political and economic condition in this country. He is far more interested in Mr. Hoover's doctrine of Equality of Opportunity for Every Citizen Alike regardless of Creed or Color, than in

all of the White House scenes to be given in the next eight years, if the present movement succeeds. And second, so far as the social equality, but bear in mind the fact that all men are potentially equal. The thing that is more than a mere social equality in this country, and from which certain people quake and tremble is nothing more nor less than individual selection. Well in the next hundred years, perhaps a good many important changes, or decisions in life will be left to the individual, and we are not worried about that.

It keeps your food safe

—the temperature is well below 50° always!

For family health... for appealing meals... this is vital.

In the General Electric Refrigerator the temperature is kept several degrees below fifty... fifty degrees is maintained by scientists as the "danger point" in the preservation of food. When the temperature rises even a degree or two above that bacteria multiply, foods become unsafe to eat.

Perhaps you think your own refrigerator is always "cold enough." You cannot be sure unless you actually take your refrigerator's temperature. It is constant cold which is needed.

Countless superlatives give the General Electric Refrigerator its outstanding position... an hermetically sealed, dust-proof mechanism, mounted on top, an accessible temperature control, a new standard of quiet operation, no rattling, no troublesome machinery, simplified installation, no radio interference, an unparalleled two-year service guarantee.

The new all-steel cabinets and the hermetically sealed mechanism combine to produce what we believe is the best refrigerator ever made. More than a quarter of a million homes are enjoying the convenience, economy and health-giving service of the General Electric Refrigerator. And out of one of these owners has ever paid a dollar for repairs or service. This is a record in the industry. The new all-steel General Electric Refrigerators are priced as low as \$215 at the factory. A small payment down places one in your home. American Girls Not Boy Crazy Critic Reports

Too Busy Studying To Take
More Than Tolerant Inter-
est In Males

ENGLISHMAN GIVES
VIEWS ON GIRLS OF U. S.

By ALICE LANGELLIER,
International News Service Staff
Correspondent

PARIS June 26.—"I didn't find them boy crazy," says an Englishman, writing in the Paris edition of the Daily Mail in reply to severe criticism of American girls made by one of his countrymen.

"I found them entirely too busy learning their lessons and studying in the arts to take more than a tolerant interest in the male class companions and thanks to co-education they have developed a broad and sporting view of life as well as keenness about their work and a fine spirit of independence."

The Englishman goes on to say that after making a long tour of American universities he saw evidence of pronounced petting at just one of them in a well-known girls' college near Harvard. And this was among the younger students.

On the other hand he met scores of the younger generation who look upon petting with scorn and are terribly earnest, frank and proud of their responsibilities.

"Whether in university or high school," concludes the English critic, "the American girl strikes me as youthfully exuberant at times but always competent and dominated in her home life which exists notwithstanding flippant reports to the contrary."

"There remains, however, one doubt to mar the sweetness of the picture. With co-education from modern nursery-school onwards little boys grow up with little girls much in the way of brothers. The opposite sex loses glamour owing to devastating proximity and I secretly fear that the girl who despises petting may in the near future turn up her nose at marriage."

Some people are afraid that they will lose their cooks. Eighty-three year old Madame Portois was afraid she would not so she cracked the cook over the head with a broomstick; cook died and Madame Portois drew a five year suspended sentence for manslaughter.

Madame Portois who is very wealthy had kept her cook Marie Gros aged 62 for 30 years. They lived in a villa at Cimiez on the French Riviera.

According to the indictment Madame Portois had for some time nursed a secret hatred for her servant. One day after a petty dispute in the kitchen she beat her over the head with a broomstick crushing her skull. Marie Gros died instantly.

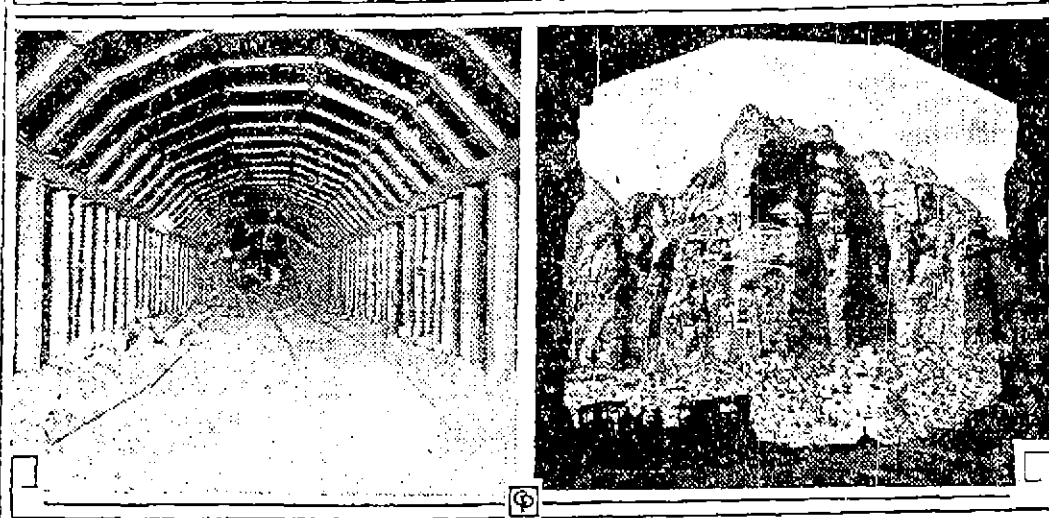

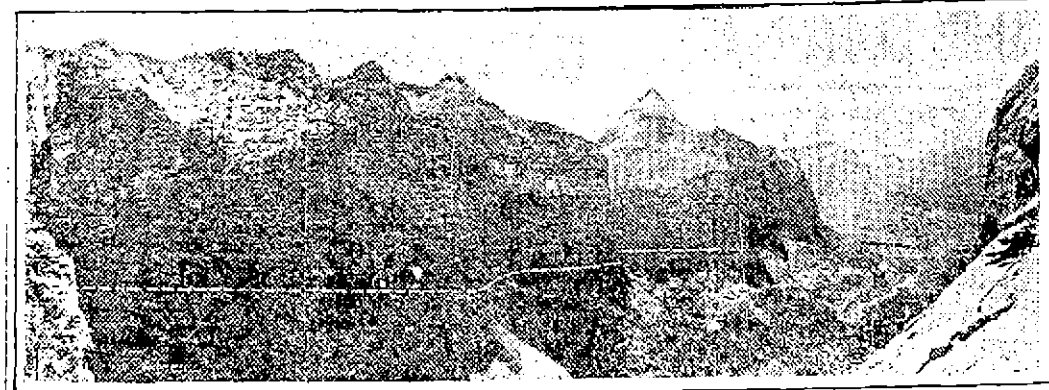

Walking with the aid of a cane, her silvery hair half covered beneath a black and white widow's cap Madame Portois answered the charges in a nice court.

At first she maintained that a masked burglar was responsible for the crime. But police investigation had revealed blood-stained clothing belonging to Madame Portois who saw fit to confess after a six hour grilling.

A general jollification at and after the funeral was the will of a wealthy Hollander who died at Nice.

In his last will and testament M. Lips for a long time resident of Nice left his considerable fortune to the

LATEST MASTERPIECE OF UNCLE SAM'S ROADBUILDERS

Tourists will marvel at the new Zion-Mt. Carmel highway in southern Utah. This highway, shortening bus and auto routes between Zion National Park and the Grand Canyon, and between Zion and the new Bryce Canyon National Park, will be opened in July. It is 24 miles long, with a tunnel one and one eighth miles long. In the top picture, to the left, is view from one of six galleries at the side of the tunnel at which one may draw up his car to glimpse the view. Dotted white line shows how road is carved along cliff side. Lower left shows a section of the tunnel, the roadway of which is being hard-surfaced. A section of the skyline, surmounting white and vermilion cliffs, visible from a gallery opening, is shown lower right.

city on condition that his demise be celebrated with the attendance of all the city officials first in a long parade of landaus following his body to the burial ground and then at a large banquet in his honor at the best hotel in town.

Soup to nuts and no shortage of champagne and cracked ice was especially stipulated by the absent host whose last desire seemed to be that the solemnity of the city fathers be broken for the once in favor of eating, drinking and the general making of whoopee.

The requirements of the will were duly carried out even to the last request that there be no after dinner speaking.

Anti-Smith And Republican Party Alliance Sealed

(International News Service)
RICHMOND, Va., June 26.—The alliance between the anti-Smith Democrats and the Republicans of Virginia will be formally sealed here tonight, insuring a hot fight for the governorship this year.

The Republicans will nominate for the governorship, Prof. Wm. Mosely Brown, who was previously nominated by the anti-Smith Democratic bolters at their Roanoke meeting. Tonights convention also will ratify the nomination of C. C. Berkley of Newport News, for attorney general, also named by the Democrats at Roanoke.

To Boston; Noted Gambler
Is Being Held

By DAVID P. SENTNER,
International News Service Staff
Correspondent

NEW YORK, June 26.—Boston Louis' Edward L. Lewis, of Boston, who played and lost on a race-track tip furnished by Frankie Marlow, Broadway's big time racketeer, today was held in \$50,000 bail as a material witness in connection with the slaying of Marlow.

Bail was set by County Judge Frank P. Adel in Queens County court, Long Island City.

Meanwhile, from important information obtained from the five persons, including Lewis, held as material witnesses, two detectives were rushed to Boston.

The importance of the Boston clue was indicated by the fact that one of the detectives, Thomas Caputo, was called back from his vacation for this special assignment. Detective Daly accompanied him.

Before bail was fixed, Judge Adel asked Lewis if there was any reason why he should not be held as a witness.

"I gave myself up voluntarily," Lewis answered.

"The district attorney says you were with Marlow until 45 minutes before he was killed?" asked the court. "Is that right?"

"Yes," Lewis answered calmly. "I was with him all day long, until just before he was shot."

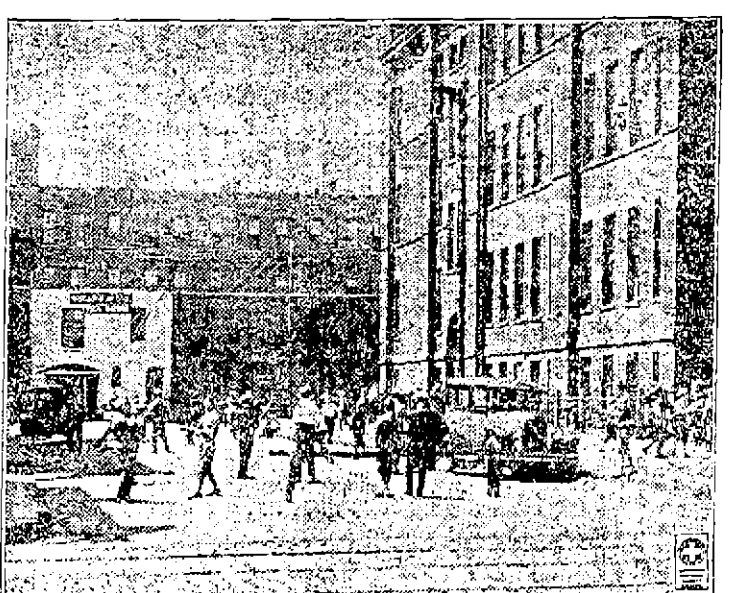

"What do you do for a living?" Lewis smiled and shrugged his shoulders.

Plan To Elevate Railroad Tracks At Rochester, Pa.

(International News Service)
PITTSBURGH, June 26.—The Pennsylvania public service commission will hand down an assignment of costs for elevation of the Pennsylvania railroad tracks at Rochester, Pa., in fifteen days, unless interested parties reach an agreement. Commissioner Charles Young decided at a hearing here today.

The project, which calls for elevation of four tracks at New York street, and Kentucky avenue, Rochester, will

Temporary Playgrounds

Where will the children play? They must have recreation and outdoor exercise. It is a problem in the congested cities. The above scene shows a street in Chicago adjoining a school house when, unfortunately, has poor playground facilities. A blind street is set off during recreation hours and is used as a playground by the pupils. Such procedure minimizes the danger of accidents. The temporary closing of the street has the sanction of the city officials. The National Safety Council suggests the above plan to other cities where the playground problem is particularly acute.

Kiwanians Hear Dr. C. A. Tindley

Noted Colored Minister
Speaks For Few Minutes
After Arrival Here

Dr. Charles A. Tindley, pastor of the Tindley M. E. Temple in Philadelphia and one of the outstanding colored ministers of all time, spoke briefly at today's meeting of the New Castle Kiwanis club.

Rev. Tindley's journey from Philadelphia here was delayed somewhat, but through the efforts of Rev. Samuel Matland he was secured to speak during the minutes that remained.

Tindley was brought here through the New Castle Ministerial Association and will speak this afternoon at the First Baptist church. Tonight at eight o'clock he will preach at the Cathedral.

She had him cited before Judge Sabath, where she has a divorce suit pending.

"I had four bungalows," he said. "We had been separated for years. I wrote her about the bungalows, but she thought they were some kind of a new dog. She wrote back 'feed 'em yourself and take care of them.'"

When she learned that a bungalow was a house she had Alexander cited for contempt in not informing her of the houses he owned.

Judge Sabath said "maybe she thought they were buffaloes."

Spier Marquand of Highland avenue is a business visitor in Pittsburgh, Pa. today.

Wife Thought Man's Bungalows Were Dogs

CHICAGO, June 26.—Mrs. Anna Schariog could not make out a case of contempt of court against her husband, Alexander.

She had him cited before Judge Sabath, where she has a divorce suit pending.

"I had four bungalows," he said. "We had been separated for years. I wrote her about the bungalows, but she thought they were some kind of a new dog. She wrote back 'feed 'em yourself and take care of them.'"

When she learned that a bungalow was a house she had Alexander cited for contempt in not informing her of the houses he owned.

Anne And "Lindy" Are In Columbus

International News Service

COLUMBUS, O., June 26.—Closeted

in a palatial suite in a hotel here, and

closely guarded against intrusion, Col-

onel Lindbergh and his wife, the famous Anne Morrow, landed at Columbus here just as dusk was settling last night.

The Colonel is making a final survey of the Air-Rail Transcontinental

route, of which Columbus is the

eastern terminal, and is taking the

trip in short boys, and in a leisurely manner. Mrs. Lindbergh occupies the rear seat in his two-passenger Pullman

Cathedral Fund Is Given Boost By Local Report

Over \$150,000 Reported From
Entire District, At Meet-
ing Last Night

LOCAL WORKERS SHOW FINE SPIRIT

Teams engaged in the Cathedral Refinancing campaign brought the total raised in two weeks of intensive campaigning to \$152,500, when reports were submitted from the entire district at the meeting of the New Castle team captains and workers in the Cathedral last evening.

With 49 out of the 52 zones, now hard at work, these figures are expected to be swelled as each day, new reports are submitted. First reports are still awaited from 23 zones, where the campaign has been under way, and these reports are expected to show some substantial contributions to the fund.

First reports were received from Ellwood City last evening, where \$7,000 has been raised in the initial effort. Slippery Rock made its first report, showing \$1,000 raised there.

Last night's meeting was filled with enthusiasm. Fred L. Rentz, Colonel of the Second regiment of the local campaign organization, made the principal address of the evening.

Mr. Rentz expressed the pride that the citizens of New Castle and Masonry had in this fine institution. He stated that in his travels about the country, he had seen many fine institutions, which had been built by the spirit of enthusiasm and sacrifice of citizens in different cities, and believed that if the proper spirit were shown by those interested in the building erected to Masonry in New Castle, that their goal could easily be achieved.

Robert McKinney White, president of the Cathedral association, complimented the workers on their fine spirit and enthusiasm, which was reflected in the splendid report given last evening. Despite the hot weather and vacation handicap, he stated that some real results were being manifested.

The attendance at last evening's meeting was the best of any yet held. Another report meeting will be held on Friday evening when another good report is anticipated.

STORE EMPLOYEES TO PICNIC ON THURSDAY

Employees of the Robert Mackie Store, their families and friends will

on Thursday be the guests of the store proprietor at a picnic to be held at Ward's Ranch Camp, Forest county. It is to be an all day affair, the start to be made in the morning by automobile for the scene of the day's outing. The Mackie store will be closed in order that all may take part in the affair.

French Consul In Berlin Narrowly Escapes Bullets

Demented Lithuanian Woman
Takes Two Shots At Con-
sul But Aim Is
Spoiled

BERLIN, June 25.—M. René Binet, French consul at Berlin, narrowly escaped death today at the hands of a woman, believed to be demented, who fired two shots at the diplomat in his office here.

The woman was Agathe Makaroff, a Lithuanian, who claimed to have lost a leg as the result of an accident in Paris. She demanded compensation from Binet as the Representative of France, and when he refused, she leveled a pistol at him and fired twice.

A janitor who was in the room at the time saved Binet's life by seizing the woman's arm and diverting her aim. The woman, who had just arrived in Berlin from Paris, was placed under arrest.

Flying Squadron Members To Meet

A. R. HALL HOME IS VISITED BY POLICE

It was reported to the police early this morning that men drinking in the home of A. R. Hall, Croton avenue, were raising a disturbance and making it impossible for some of the neighbors at least to sleep. Officers McKee and Kennedy answered the call and arrested Hall and two male visitors. Hall is spending ten days at the county jail in default of a fine as keeper of a disorderly house, while one of the visitors failed to return to police court today for his \$70 forfeit, while the other is spending a few days with the city, during which time he will probably do some work for the city.

ATTORNEYS MAP PLANS FOR TRIAL OF CO-ED SLAYER

Discussing the possibility that defense attorneys will ask for a change of venue on the ground that they cannot obtain a fair trial in Franklin county, Prosecutor John J. Chester, Jr., is mapping out his case against Dr. James H. Snook, confessed slayer of Miss Theora Hix, 25, Ohio State university medical student. At left is an interesting study of Dr. Snook. Right, a photo taken shortly after his arraignment at which he pleaded "not guilty" shows, left to right, Sheriff Harry Paul; John Seidel, Snook's attorney; Dr. Snook, seated; E. O. Ricketts, Snook's attorney; and Prosecutor Chester. The trial is set for July 22.

May Ask Conference With Bureau Chief

Davies Believes Something To-
ward Improvements Should
Be Done

Councilman D. O. Davies today said that it is probable the city may take a forward step toward removing the blockade to local improvements, caused by the decision of bureau of municipalities, internal affairs department, Harrisburg, which has refused to approve or disapprove issuance of certificates as a form of payment.

He said he had discussed the blockade with several prominent men and it is probable that a conference may be asked with John B. Meyer, in charge of this phase of work at Harrisburg.

Unless there is some change from Meyer's present attitude proposed improvements for the next year may be abandoned.

Ann Livingston Will Take Stand

Pretty Divorcee To Testify In
Breach Of Promise
Suit

(International News Service)
CHICAGO, June 26.—Details of a proposed ante-nuptial agreement, which is said to have wrecked their romance were to be unfolded today as Ann Livingston, pretty divorcee, resumed the stand in her \$250,000 breach of promise suit against Franklin Harding, 33, millionaire oil-burner manufacturer.

It was this agreement, she says, that caused Harding to cancel wedding plans after invitations had been issued.

The Tulsa, Okla., divorcee regaled a packed courtroom with intimate details of Harding's ardent wooing. The white-haired defendant scoffed as the witness recounted an occasion on which she said he became particularly loving and argued when she protested against his attentions. "Oh, it will be all right, because we are shortly to be married."

West Side People Are Raising Funds

The people of the Sixth ward are very much interested in the success of their public playgrounds and on every possible occasion are doing something to make it a better and

more attractive place for the children.

Their latest effort is to secure funds with which to construct a wading pool, which could also be used for skating purposes in the winter at the West Side playgrounds.

For the purpose of securing funds for this purpose, they will on Thursday evening at the playgrounds, hold a social and entertainment. The entertainment will include music by an orchestra made up of high school boys and also by individuals.

Preparations are being made to entertain a large crowd.

Plans Non-Stop World Flight

U. S. Flier Believes He Can Make
The Trip In Five
Days

(International News Service)
WASHINGTON, June 26.—A non-stop flight around the world in little more than five days, with 22 refueling stations, is being planned by Lindbergh, Albert D. Hulse, a reserve officer pilot.

Hulse has been engaged for some weeks in seeking financial backing for the venture, as revealed in International News Service dispatches yesterday, and he believes he has now found a backer in Ray D. Brown, an Arizonan.

If arrangements can be completed, Hulse said, the chief pilot would be Henry Gillback of Detroit, with Ray Miller of San Francisco, navigator; Lieut. Edward Springer, alternate pilot, and Lieut. Earl McConnell of Lakehurst, radio officer. Hulse himself would act as engineering officer.

A big monoplane of special design would be used, and the first hop made from Roosevelt field, New York, via Hamburg, Germany, the first refueling station. Then the plane would turn toward Russia, thence to Alaska, Seattle and New York.

Hulse was in Detroit today in the interest of the flight.

WHAT YOU EXPECT OF CHRYSLER

The imposing succession of Chrysler accomplishments has led the public instinctively to expect more of Chrysler than of other cars—and it is the completeness with which Chrysler fulfills these higher expectations that explains the ever-rising tide of Chrysler success.

You expect of Chrysler a charming individuality in style, and you get it. You expect a livelier and more thrilling spirit of performance, and you get it. You expect a more luxurious feeling of cradled comfort, and you get it. You expect a greater sum total of actual value in Chrysler, and you find it.

Chrysler today exerts a tremendous influence over the entire industry—and justifiably. In the

five years of its meteoric rise, Chrysler has done more than any other force in the automobile world to revolutionize and modernize motor car standards throughout the world.

That is the reason why the volume of Chrysler sales has increased to such mighty proportions—and why Chrysler enjoys such great and rapidly increasing prestige in 93 countries.

We invite you to take a Chrysler demonstration—expecting more of Chrysler than of any car within several hundred dollars of its price.

UNIONTOWN, Pa., June 26.—Accused of passing five worthless checks in Uniontown and vicinity, W. H. Langhorn, of Charleston, W. Va., business manager of the "Blue Boys" evangelist, was held for court after a hearing before Alderman Robert V. Wright. In default of \$500 bail on each charge, Langhorn was committed to the Fayette county jail, where he has served part of a 30 day sentence for violation of the wage act.

Langhorn is alleged to have passed worthless checks on a barber, restaurant proprietor, tailor and others.

Bo-Broadway

by JOSEPH VAN RAALTE

By Central Press.

NEW YORK, June 26.—Broadway's current Cordelia yarn: Six years ago Cordelia Patton deserted the sheltering shade of the family radiator in El Paso, Tex., and headed for New York to become an artist.

Nature seems to have brought more artists into the world than she has made provision for. New York has more of them than Mr. Carter has pills, but that little consideration not or deters the budding genius from out of town who hies him to the metropolis with the idea of some day wearing a laurel wreath instead of a hat.

Cordelia Patton registered at the Columbia School of Design. Her bank balance was as slim as that of an outspoken clergyman. In order to relieve the severe financial strain she accepted a position as hostess in Roseland, Broadway's biggest trottery. There are about a hundred hostesses in this particular Wild Cat Casino, their business being for the most part Out-of-Town-Men-about-Town.

If a visitor takes a fancy to one girl he may enter into a financial arrangement with the management whereby the blandishments of that single happy hostess are exclusively his for a specified duration to have and to hold for better or for worse. One night Cordelia Patton's eyes encountered those of a Prosperous Patron and right then and there Fate caught up with both of them. They danced together night after night and suddenly Roseland knew them no longer. They did a Lindbergh—disappeared into thin air. One day came word of their marriage.

The Prosperous Patron was Archy Gustin, head of the International Paper Co., who has figured extensively in the news of late in connection with backing newspapers.

OH, TO BE A HOSTESS.
Under the New Dispensation the dance hall has supplanted the theater as the Lonesome Millionaire's happy hunting ground. No longer another Roseland hostess was married to a Fifth avenue department store executive and still another was led to the altar by an official of the Rolls Royce Co.

AN "INSIDE" MOVIE STORY.

A couple of weeks ago Mr. and Mrs. Gene Zukor were officially "put asunder" in Reno.

Gene is the son of Adolph Zukor of Famous Players-Lasky, the big men of the movie industry. Gene married Mildred Loew daughter of Marcus Loew who held controlling interest in Metro-Goldwyn-Mayer.

After Marcus Loew's death there was a rift between Gene and his wife. The mothers-in-law butted in, which is usually fatal.

When Mrs. Loew decided to dispose of her late husband's holdings she made it plain that the purchaser of Metro-Goldwyn-Mayer would have to be someone who wouldn't resent to Mrs. Zukor's husband.

Providence threw her in the golden sunlight of William Fox's smile. Fox in his early days had been high lited by the Zukor outfit and had a soul bursting with bitterness. Thus the transfer of Loew's huge holding made glad the hearts of two simple children of nature.

FOX'S REVENGE.

William Fox specialized for years in cheap film productions; but as soon as his bankroll began to bulge he became conscious that the aesthetic side of his nature was starving.

It wounded Willie to hear his enterprises called "The Five and Ten Outfit of the Industry."

Instead of retiring from business when the time came he confided to a friend that he was going to remain in harness and remove the reproach of "cheapness" that his enemies had fastened upon him.

His purchase of the Loew interests was the biggest sensation in the motion picture industry in years and he hasn't stopped there. Today his organization is making deluxe pictures. It owns one of the best talkie device manufacturers. It owns houses in every important picture center in the country and by July 1 will have taken over nearly 200 theaters in Greater New York.

Willie evidently believes with Bismarck that "Revenge is a delicacy that must be served cold."

President Hoover Has Good Health, Physician Asserts

Lieutenant Commander Dr. Joel T. Boone, Belies Report Hoover Not Well

(International News Service) WASHINGTON, June 26.—Lieut. Commander Joel T. Boone, personal physician to President Hoover, Tuesday set at rest reports the president's health was weakening and that he was apt to break under the strain of his presidential duties.

"President Hoover is in excellent health," Boone declared. "In fact his health is better than that of any president during my seven years' observation of them in the White House." Both from daily subjective examinations and from laboratory tests I can say the president is in better health than at any time since he took office. He has completely recovered from the arduous campaign days and from the strenuous first few weeks in the White House. He has gotten into the swing of regular habits. While he works hard, he also knows how to relax.

Boone disclosed that the president reads considerably at night and that he gets mental relaxation by reading detective stories.

Penn-Ohio Employees Hold Annual Picnic

Employees Of Rail And Coach System Enjoying Selves At Park

Carl Shaner, manager and his staff of employees at Cascade park are hosts of their co-workers at the playground of Lawrence county as the Penn-Ohio folk are holding their annual picnic and there will be something doing every minute today and night.

The local electric store and offices of the power and light railway companies closed at noon excepting for a small force kept on duty to take care of matters to which the continuous nature of the company's business would permit no interruption. Early today the New Castle contingent welcomed other P.-O. employees from all over the system.

They came by auto and special coach from Youngstown, Sharon,

Grenville, Ellwood City, Salem, Lisbon, Andover, Canfield, Bessemer and other points.

During the afternoon a special program of sports for young and old was conducted and there were many entries.

There were free rides for kiddies on various amusements and a picnic dinner will be held this evening with dancing at Rainbow terrace to follow.

Scrub Glenn Pool Twice Each Week

Can Empty Pool Of Water In Three Hours, Fill It In Two

It takes 14 men twice a week to scrub the Glenn pool at Cascade park. The water is changed twice a week. It can be emptied in three hours and refilled in two hours.

No chemicals are used out the water that is pumped into the big pool is filtered.

This is what Perry Barge superintendent for Bill Glenn stated today in speaking of the pool. The water is emptied at night and when the big lights are turned on the 14 men go to work.

They use plenty of "elbow grease" on the brushes after which a hose with considerable pressure is used to force all possible sediment from the pool. The water originally comes from the Big Run but it is pumped from a section known as the Island. It is filtered and no chemicals are used.

On Sunday Glenn reports that he had 900 bathers in the pool at one time. Babies, youngsters and adults can bathe as the pool is divided into three sections.

Results heretofore unheard of in a Low-Priced motor car

EVERY day brings additional emphasis to the self-evident fact that the improved Plymouth is today's great example of progress in the low-priced field.

There never before has been a low-priced car of Plymouth's full-size roominess and restful comfort.

There never before has been a low-priced car of such strength and stability and attractive appearance.

There never before has been a car at anywhere near the price that could be driven with real comfort at top speed hour after hour.

There never before has been a car in the low-priced field so smooth and flexible, so quiet and so alive.

Plymouth, bear in mind, is the only low-priced car with the advanced scientific advantages of Chrysler engineering. That, in and of itself, explains the thrilling superiority of Plymouth performance.

Plymouth is the only low-priced car with Chrysler weatherproof 4-wheel hydraulic brakes. That is the reason

Florida Aviators Hop For New York In Non-Stop Test

(International News Service) MIAMI, Fla., June 26.—The airplane Miami Maid, piloted by Eddie Harmer and carrying L. C. McCorty as a passenger, hopped off from here at 3:20 a. m. today on a non-stop flight to New York. The plane was sighted passing over West Palm Beach at 4:00 a. m.

The plane, an amphibian, was scheduled to fly some distance off the coast, where it would not be sighted until it passed in the vicinity of the Federal coast guard station at Fort Pierce on the northern tip of Florida. After that it was expected to be sighted at frequent intervals until it reached New York about 3 p. m. The plane was averaging about 120 miles an hour when sighted at West Palm Beach.

The "Miami Maid" is a new type of cantilever amphibian monoplane having its motor on top of the single 44 foot wing. It is a cabin plane with accommodation for five passengers. Pilot Harmer hoped to make the 1,200 mile journey in time to have a late lunch in New York. The plane is carrying 225 gallons of gasoline.

Ford's Railroad Placed On Block

(International News Service) DETROIT, June 25.—Negotiations for the sale of the Detroit Toledo & Ironport railroad by Henry Ford to one of the larger railway systems, presumably the Pennsylvania, were reported under way here Tuesday.

The railroad, originally purchased by Ford as a means of transportation between his Kentucky coal mines and his Detroit factories, is understood to have been the source of a great deal of annoyance to the motor magnate recently because of suits instituted against the railroad as a result of rate entanglements. Most of these are now the subject of investigation by the interstate commerce commission. The road, with the exception of about 80 miles south of Napoleon, O., is entirely electrified.

HUNTINGDON CHIEF WOUNDED ON SKULL

ALTOONA, Pa., June 24.—Floyd Coble, 44, superintendent of construction at the Pennsylvania State Industrial Reformatory at Huntingdon, was found seriously wounded at noon today while sitting in his automobile parked along the highway near Williamsburg. He suffers from a bullet wound of the skull. The man was unconscious. A revolver was found in the automobile, the weapon containing three loaded shells and two empty shells. It is believed Coble attempted suicide.

United States Has Not Changed Policy Regarding War Debts

European Nations Seeking Softer Debt Terms Doomed To Disappointment

No Alterations Made By America On Fixed Policy Of War Debt Settling

By GEORGE R. HOLMES
International News Service Staff Correspondent
WASHINGTON, June 26.—European hopes for softer war debt terms from the United States—rekindled now that the reparations controversy has been settled on a new basis—are doomed to disappointment.

Nothing has occurred, either in the Paris conference or in yesterday's long talk between President Hoover and J. P. Morgan and Owen D. Young, which calls for any alteration of the fixed American policy with regard to the allied debts, it was stated officially today.

Messrs. Morgan and Young reported informally to Mr. Hoover the intimate details of the Paris settlement, and gave him their opinion of the outlook in Europe. The question of how large a chunk of the German reparations bonds the American investment market is going to be called upon to absorb was touched upon, but nothing apparently was decided.

It has been brought rather forcibly to Washington's attention, however, that Germany is now ranged alongside the allied nations in the incessant pressure—and hope—for cancellation or scaling down the amounts owed the United States. Germany's only hope of lessening her own load lies in American debt cancellation, which makes her a direct and interested party to the increasing propaganda.

Reed Opposes Reductions.
Indicative of the attitude of the Senate in the matter was the comment today of Senator Reed (R) of Pennsylvania, who usually speaks for the treasury in the Senate.

"I see no reason," Reed said, "why we should assume the responsibility

for all the debt that Europe incurred in between 1914 and 1917 just because we entered the war near the end. That would be the effect of placing the burden of these debts on the American taxpayer. I have been and still am vigorously opposed to reduction."

Methodist Churches To Have Picnic Tomorrow Night

Epworth And Grace Sunday Schools Unite For Outing At Weingartner's

Everything is in readiness for the joint outing of the Epworth M. E. and Grace M. E. Sunday schools at the home of Senator and Mrs. George T. Weingartner on the Butler road Thursday night. It is announced, a large representation from both churches is expected to attend.

Transportation will be provided for those who meet at the intersection of East Washington street and Butler avenue at 3 o'clock. Harry McCurdy is in charge of these arrangements.

The picnic supper will be served promptly at 6.30 and it is hoped that everyone will be there at that hour. Those attending are asked to take a well-filled basket. Coffee and ice cream will be furnished free.

During the afternoon and the evening a sports program will feature the entertainment. Rev. Samuel L. Maxwell, pastor of the Epworth church, is chairman of this committee. Beginning at 8 o'clock will be a program of entertainment provided by a committee with William Lewis and J. P. Rentz in charge.

ENJOY FRUITS WITH SUGAR

Improve the Flavor of These Healthful Foods

Everyone knows the importance of fruits in diet. Fruits give needed roughage, vitamins and beneficial mineral salts. It is important for children and adults to eat one raw and one cooked fruit each day.

The addition of sugar to either raw or cooked fruits brings out their finest flavors. Fruits should be made palatable, or otherwise we are not likely to eat enough of them. Prepared as we like them, they will become a regular and beneficial part of our diet.

"Fruit acids are softened by sugar," a famous food scientist recently said. "Fruit flavors are developed by sugar. Sugar promotes and facilitates the ingestion of fruits."

Remember this the next time you eat grapefruit, oranges or any of the fruits which appear on your table. You will enjoy them more with sugar. Varied foods benefit you more and you will eat them with this finest of nature's flavors.

All fruits can be made delicious with the addition of sugar. Fruit pies and puddings are most appetizing. Applesauce and jelly add delightfully to lunch or dinner. For weariness eat sugar. The Sugar Institute.

No General Decline In Steel Demand Is Noticeable, Report

Intense Heat Wave Has Not Effected Industry To Great Extent

(International News Service)
PITTSBURGH, June 26.—The summer recession of activity in the steel industry has affected mill operations more than market conditions, the Iron Age will say tomorrow in its weekly summary of the iron and steel trade.
While open-hearth steel output apparently has diminished, with a large number of furnaces reported down for repairs, Bessemer steel production has gained, the summary will say. "The recent hot wave has not restricted the production of sheet and tin plate mills and has not materially relieved the demand for crude steel. Meanwhile total ingot output remains at close to 100 per cent of rated capacity with little prospect of dropping more than 2 or 3 points before July 1."

Improvement in mill deliveries is more general, but unfinished business is still heavy and a high rate of production next month is assured, the summary will point out.

Tin plate specifications continue to taper and farm equipment plants are taking less steel. No general decline in steel demand has developed. The requirements of railroads and construction work are expected to increase while structural steel awards are well above the weekly average.

The removal of steel contracts for the third quarter has been rather general, the summary will say.

BANDITS CUT WRONG WIRES

(International News Service)
WEATHERLY, Pa., June 26.—Even criminal "master minds" slip up now and then and jail doors swing wide for those who were secure in the belief they could "beat" the law.
George Bivocski and Michael Kutichina, confessed motorcycle bandits who robbed the Ted Shank restaurant on the Weatherly-Mauch Chunk state road, learned from the scene of their crime, congratulating themselves on their wits in cutting the telephone wires and rendering impotent any pursuit that might be started.

Captured a short time later by police, the bandits expressed amazement that they had been taken into custody so quickly.

"You cut the wrong wires—that's all," was the explanation vouchsafed by their captors.
KENTUCKY YOUTH FACES LIFE TERM

Famous beauty shops all over the country—on the basis of their vast experience—find "hands that wash dishes in Lux are as lovely, as white and young-looking, as hands of leisure."

BRIDES tell us... clever wives everywhere say... "We have found a wonderful new beauty secret right in our dishpans!"

As 97 out of every 100 recent brides questioned in 11 big cities explained it—
"In spite of housework, we mean to keep our hands lovely and smooth and white—with Lux in the dishpan."

Women themselves discovered this new, inexpensive way of keeping their hands beautifully cared-for... Washing their fine things in Lux, they noticed how smooth and white their hands looked afterward... then they tried Lux in the dishpan—to get this beauty care three times a day!

Now 305 famous beauty shops add their expert testimony to women's experience—say—

"With all our experience we cannot distinguish between hands that never wash dishes and hands that wash dishes with Lux... Lux in the dishpan gives real beauty care."

Start today giving your hands this exciting, new kind of beauty care! It's so inexpensive, too! Lux for all your dishes costs less than 1¢ a day!

Prepare For Record Crowd At Cascade On Fourth Holiday

Cascade park is preparing to entertain one of the largest crowds in its history Thursday next when the biggest holiday of the season is celebrated. The Fourth of July celebration at Cascade and the Special Feature of the day, the Ten Herbs, are the main attractions. Their entertainment will be the highlight of the day.

Never before has the recreation center been so well equipped to entertain the crowds as it is this year. Best of rides and novelties will greet the eye at every turn.

Dancing at Cascade will be one of the big features. Rainbow Terrace, noted for its beautiful setting and brilliant electrical display, is better fitted than ever before. Music for the dancing afterwards and evenings is furnished by Cliff Fetting and his Chicago Recording orchestra. This clever group of music makers have added hundreds of new records to their fast growing list and have been great favorites with park crowds since the opening of the season. Many musical hits and novelties are being presented by them. A male quartet and the band's own institution of the famous Kentucky Juke Band have met with approval at the park.

New amusements and features will be found along the big midway. One of the finest of the new amusements is the "automobile race," a ride that is speedy, thrilling and liked by young people.

MINING FOREMAN IS INSTANTLY KILLED

(International News Service)
SCRANTON, Pa., June 26.—Arthur Marion, 40, was instantly killed Tuesday when he plunged 400 feet down the shaft of the Mount Pleasant mine of the Scranton Coal company here.

Every bone in the man's body was broken in the fall.

Marion was employed as a foreman at the surface vein of the mine and fell into the shaft in an unknown manner dropping to the bottom.

Will Discuss Big Navy Cut

This excellent portrait is the "most recent" Ramsay, MacDonald, Prime Minister of Great Britain, and shows him in a meditative pose. MacDonald and Ambassador C. G. Dawes will soon meet for a lengthy discussion of naval reductions along the lines of the recent Kellogg pact.

June Tournament Starts Saturday

Drawings Have Been Completed For Big Annual Event At Field Club

Drawings have been completed for the annual June tournament at the golf course of the New Castle Field Club. With the various players paired off for the opening round of the tournament, which will be played Saturday, there is every promise of exciting competition during the entire period that this tournament is in progress.

One round of the competition will be played on each of four Saturday afternoons. It taking a month, weather permitting, to have all these contests played on the Saturday afternoons that occur in the next month.

As there are 32 players of the Field Club entered in the contest this means that there will be 16 matches in the first round.

The winners in the first round will be paired for the second round and so on until there remains but the two in the finals, who will contest for the tournament supremacy.

The play will be with a seven-eighth handicap and for 18 holes up until the finals, when the remaining contestants will play 36 holes. Those

TEN HERBS GAVE PERFECT HEALTH, MAN DECLARES

Claims He Relieved Rheumatism, Catarrh And Chronic Stomach Trouble.

Many men and women of this section have stated that they think Ten Herbs has no equal for disorders of the stomach, liver, kidneys and bowels. The remarkable success of this new natural compound here and elsewhere

MR. J. M. SOMERVILLE

is due to the amazing action of its ten wonderful, herbal ingredients, which cleanse and invigorate the whole human system, and relieve rheumatism, neuritis and nervousness. Many very favorable reports pertaining to Ten Herbs are reaching Eckerd's of New Castle, Inc., 30 East Washington St. this city, where this famous medicine is being introduced.

"Ten Herbs has given me the best of health," was the recent statement of Mr. J. M. Somerville, 120 Summit Street, Butler, Pa. "Rheumatism in one of my legs and feet gave me many hours of misery. I had been troubled with my stomach for four years. My appetite was poor, and gas and bloating gave me a lot of trouble. I had heartburn, and at times gas would bother my heart. Food caused severe indigestion, and did not seem to do me much good. My nerves kept me from sleeping properly, and my kidneys were out of order. I was always taking some kind of laxative for constipation, and nothing gave me satisfactory results. An operation had left me badly run-down, and a bad case of catarrh gave me considerable trouble. My head was always stopped up in the morning. Mucus would run down my throat, and my eyes would water. My joints and muscles would get sore and stiff."

"I am certainly thankful that a friend told me about Ten Herbs, for it ended my health troubles. My kidneys are in good condition, and rheumatism has disappeared. I have a good appetite, and can eat anything without having the least trouble with my stomach—no more gas, bloating, or heartburn. My sleep is restful, I am free of constipation, and have not a sign of catarrh. I could not be in better physical condition. Because of the good Ten Herbs has done me, I gladly recommend your medicine to anyone."

Ten Herbs is sold at Eckerd's of New Castle, Inc., 30 East Washington St. in this city, and at all drug and medicine stores throughout this entire section.

Airplane Safety Problem Big One

Finest Research Work In
World Will Be Used To
Make Planes Safer

TAKEOFF SPEED BIGGEST TASK

By WILLIAM S. NEAL,
International News Service Staff
Correspondent

WASHINGTON, June 26.—With the air of the finest research equipment in the world engineers of the National Advisory Committee for Aeronautics are concentrating on the airplane safety problem with the hope of writing a new chapter in aviation development.

The biggest task facing the engineers is to secure greater control of planes at low speed when taking off and landing. Study of the dangerous spins which caused many crashes will be emphasized in the immediate future.

Decreases Accidents. Because the majority of plane crashes occur at the low landing or rising speed the engineering effort to be undertaken in the unique laboratories at Langley Field, Va., are declared by experts to offer remarkable possibilities for the future of aviation.

The greatest wind tunnel in the world nearly 200 feet wide where the wind enters and 75 feet at the throat where the air plane is tested—is to be constructed as a part of the program at Langley field. It will cost \$900,000. Full sized airplanes can be tested under controlled conditions in wind velocities up to 100 miles an hour. "The foremost problem in aeronautical research is improvement in control of the airplane at low speeds, and in order that we may more effectively study that problem congress has authorized construction of the full-scale wind tunnel," said John F. Victory, secretary of the National Advisory Committee.

Helen Wills Is Again Victor In Wimbledon Play

Wilbur F. Coen, Kansas City
Youthful Star Goes Down
To Defeat

By F. A. WRAY,
International News Service Staff
Correspondent

WIMBLEDON, Eng., June 26.—Miss Helen Wills skipped her way through the third round of the Wimbledon tennis championships tournament today by defeating Mrs. Schomburg, of Germany, 6-0, 6-0.

"Queen Helen" fairly riddled her opponent's underhand serve with slicing drives and placements which the German woman completely bewildered.

But while Miss Wills was winning with such great ease, another of the United States' men stars was being eliminated from further play.

Wilbur F. Coen, young Kansas City star, went down to defeat at the hands of C. Boussus, of France, by a score of 6-1, 10-8, 7-5. "Big Bill" Tilden took another step toward the finals of the men's singles when he eliminated D. Prens, one of the best of the German contingent of invaders, in straight sets 6-0, 6-0, 8-6.

By virtue of this victory, Tilden enters the fourth round of play.

Motorists Drunk, Auto Stopped At Edge Of Bluff Automobile Export Business Enormous

PITTSBURGH, June 26.—An automobile hanging by the rear wheels over a bluff here today caused the arrest of N. P. Daugherty of Dormont and Rols T. McKee of Mt. Lebanon. Startled residents of the neighborhood saw the car, pending, with its rear wheels caught in a clump of brush and called police. The men, found wandering about in the vicinity, were charged with drunkenness after police dragged the car back to safety with a tow rope.

Bourbon Honors Its Town Pump

BOURBON, Ind., June 26.—Paradoxical as it may seem, the village of Bourbon, Ind., today became the first town in the United States, so far as is known, to memorialize that spiritless liquid, water, with a statue of the old town pump. In song, in poetry and in prose the town pump has for generations occupied a prominent place, but only once before has it been thus recognized in sculpture. It is believed, and that was as Strasburg, Alsace-Lorraine. Former Bourbon residents, and not those who have grown accustomed to the modern town, originated and carried out the plan for the memorial, and hundreds of those whose memories lead back to the pioneer's water supply were on hand for unveiling of the monument.

LACK OF SIGNAL IS CAUSE OF ACCIDENT

Antonio Mastrangelo of 912 South Mercer street reported to the police Tuesday that he was driving north on South Mill street and making a left hand turn onto South street when his machine struck a truck of the Gulf Refining company driven by Dale Hogue of West Middlesex, Pa., which was going in the same direction in front of his car and also making a left hand turn onto South street. According to Mr. Mastrangelo, the accident occurred when the driver of the truck failed to signal his intention. The Mastrangelo car was damaged.

No Propaganda In Schools Of U. S.

Commissioner Doran Issues
Statement Concerning
Wrong Impression

(International News Service)

WASHINGTON, June 26.—The ambitious plans nurtured by some of the more advanced prohibitionists to "sell" prohibition to the oncoming generation through teaching the benefits of Volsteadism in the public schools suffered a setback today. Alarmed at the furor kicked up by "premature publicity" about the plan Dr. J. M. Doran, prohibition administrator issued a formal statement, declaring that "a wrong impression seems to have been created."

"The treasury," he said, "is not expecting to carry on a system of propaganda in the public schools in connection with this work."

However he said the prohibition bureau has prepared a number of pamphlets of prohibition which will be supplied to "regularly constituted school authorities" upon request.

Miss Anne Suter in charge of the statistical section of the bureau will leave tomorrow for Atlanta to attend the convention of the National Education association where she expects to address thousands of public school teachers.

Three Young Women Escape From Jail

Fashion Rope From Blankets
And After Breaking Sky-
light Make Their
Getaway

(International News Service)

GREENSBURG, Pa., June 26.—Sliding down a rope fashioned from strips of blankets after breaking a glass skylight, three young women succeeded in making their way to freedom from the Westmoreland county jail here today. It was the first successful jail break in ten years.

The girls who made the 80-foot trip in the successful break were Violet Ewart, 21, of Allegheny township, this county; Katherine Stein, 17, of Emsworth; and Katherine Nepper, 20, of Central City. After breaking the skylight, the girls climbed out on the roof of the jail, fastened their improved rope to the frame of the skylight and slid down to the ground. State police have been notified and have started a search for the young women. They were arrested in New Kensington recently and committed to the jail on charges of misconduct.

Westinghouse Head Resigns Position

E. M. Herr, President Of West-
inghouse Manufacturing
Plant Has Resigned

(International News Service)

PITTSBURGH, June 26.—E. M. Herr has resigned as president of the Westinghouse Electric and Manufacturing company, according to word received here today.

Announcement of the resignation of Herr was made at a meeting of the board of directors of the company at New York this morning. According to information received here, E. A. Merrick, vice president and general manager, was elevated to the presidency of the company following the acceptance of Herr's resignation by the board.

Herr had been head of the Westinghouse firm for many years.

New "Siamese Twins" Are On Exhibition

(International News Service)

NEW YORK, June 26.—Automobile experts to Europe this year may reach the unprecedented figure of \$750,000,000 according to John North Willys, president of the Willys-Overland company, who returned today on the Leviathan. "American automotive products are being well received in Europe," said Willys.

"Last year we shipped only a little over \$500,000,000 worth but this year the figure may be to \$750,000,000."

Florida Fliers Reported Sighted

(International News Service)

CHARLESTON, S. C., June 26.—The amphibious plane, Miami, which is attempting a non-stop flight from Miami to New York was sighted over Charleston shortly before noon today by the local coast guard station. The plane, which is piloted by Eddie Narmulter, was making excellent time and appeared to be directly on its course.

West Side Social To Provide Funds

It was stated today that citizens of the west side would hold a social Thursday night at the west side playground to raise funds to pay for the construction of a wading pool which will be used as a skating rink during the winter. Councilman Tyler said today that public spirited companies had donated cement, limestone and it is anticipated that sand also will be secured and that the only cost will be for labor.

Christian Laymen In Session Today At Conneaut Lake

(International News Service)

CONNEAUT LAKE, Pa., June 26.—Five hundred Pennsylvania ministers and their families were here today for the annual retreat of the Christian Laymen's association which opened at the Hotel Conneaut this morning. The meetings will continue throughout the week.

The speakers who will address the association during its sessions are Dr. Howard Agnew Johnston of Milwaukee, Dr. Arthur Furkes of Pittsburgh, executive secretary of the association, and Dr. W. B. Anderson of Philadelphia, United Presbyterian foreign secretary.

Walter P. Fraser of Pittsburgh is president of the association and Paul Young, also of Pittsburgh, is secretary.

King John To Have Eleventh Funeral

Bones Of Monarch Who Fell In
Battle Centuries Ago To
Be Buried

By O. D. TOLISCHUS,
International News Service Staff
Correspondent

BERLIN, June 26.—After having had ten different funerals at ten different places, the bones of King John of Luxemburg, who fell while fighting against the English in the battle of Crecy in 1346, are likely to have another funeral in the city of Prague. Diplomatic negotiations are now under way between three nations—Czechoslovakia, Luxemburg and Germany—for transferring the remains of King John from the castle of Castello in the Sarre territory, their last resting place, to Prague.

Czechoslovakia claims the body because, besides being king of Luxemburg, John was also king of Bohemia, which is now part of Czechoslovakia. Since he fell while fighting for French, Czechoslovakia has always considered him as the forerunner of French-Czechoslovakian friendship, and wants to bring his remains to Czechoslovakia as a symbol of that friendship.

Luxemburg, however, objects. It wants the body of her former ruler, hers. Finally, King John was a German king, and father of the German Emperor Charles IV, wherefore Germany has been approached for her views on the subject. It is likely that Germany's support of the claims of one party or the other will be decisive.

Princeton Man Can't Keep Out Of Jail

Just Gets Out Of County Jail
And Is Arrested In A Few
Minutes

Arthur Nelson, said to be from the Princeton district, just seems to have a desire to be in jail. In fact he no sooner gets out lately than he breaks right back in. Of course his most recent reason for his desire to tumble in the moonshine liquor available here.

He was sent to the county jail this morning for his third appearance at the city police station this week on a charge of drunkenness and no sooner landed there than he paid his fine and costs amounting to \$15 by check.

The city authorities were notified, went and secured the check and had just time to cash it, when whom did Detective John Young and Officer Thomas Lynch, see much the worse of liquor, but Nelson. He was taken into custody and found to have a pop bottle about half full of moonshine in his possession.

He is again in the city jail. What his fourth appearance this week will net him at the hands of Mayor William H. Gillespie is not known at this time.

Church Service In Chicago Is Halted By Gunplay Scene

Man Dashes Down Aisle, Shoots
At Priest, Wounds Communicant, And Tries
Suicide

(International News Service)
CHICAGO, June 26.—Fifty men and women, receiving communion in our Lady of Sorrows church here today were thrown into a panic when a man waving a gun dashed down the church aisle, fired wildly at the Rev. Father A. E. Keenan, wounded Richard J. Murphy, a communicant, and then turned the gun upon himself. The man, later identified as Charles O. Foster, fell near the altar-rail with a bullet wound in his head.

Men and women rushed toward the doors and some toward the altar. Others went to the sides of the two men who lay groaning.

Police removed the two wounded men to a hospital and services were continued.

Rabbits' Turkeys Reported Plentiful

Reports received from field officers in many sections by the State Game Commission are indicative of a plentiful supply of rabbits for next season. Officers feel, however, that too many of these creatures are being killed by automobiles.

There are more and more reports of young turkeys being received at the offices of the Commission. Everything points towards a real turkey hunting season this fall.

GIRL IS INJURED WHILE AT WORK

Miss Helen Musser of the Ellwood Road, is resting easily following an accident while at her work in the Central Laundry, on Tuesday afternoon. In some manner the floor gave way where she was working and her leg was injured.

If "Skinny," Gain Weight Quick Way

New YEAST and IRON adds pounds in few weeks. Your own druggist guarantees results—or pay nothing.

You don't want to be underweight, nervous and always tired—an object of pity to your friends. Start Ironized Yeast now and put pounds of good flesh on those bony arms, hollow cheeks and scraggy limbs. See ugly lines give way to graceful curves. Feel a new vitality and strength you haven't had for years.

Only when Yeast is Ironized is it more effective—for Iron is needed to bring out the weight-building values of Yeast.

Ironized Yeast brings pounds of weight in astonishingly quick time. Letters say: "10 pounds gained in 3 weeks." "One full treatment added 7 pounds." "11 pounds and better health." The blood is toned up too, because the iron adds strength and richness to the blood, clearing up the complexion and increasing your vitality. Ironized Yeast comes only in pleasant-tasting tablets. Safe for everybody. Does not upset stomach nor cause gas or bloating.

Ask the druggist today for a full course treatment. It will prove that you can gain many pounds or your money will be refunded.

Offutt-Stiefel Nuptials Occur At Presbyterian Church Today

Two Prominent Pioneer Families United In Formal Church Wedding At High Noon

Rev. Robert Offutt, Uncle Of Bride Officiates At Impressive Ring Ceremony

ELLWOOD CITY, June 26.—The latest wedding of social prominence in Ellwood City took place at noon in the First Presbyterian church when Miss Juliet Therpe Offutt, daughter of John W. Offutt, became the bride of Carl Stiefel, son of Mr. and Mrs. R. C. Stiefel.

The ceremony was performed by Rev. Robert Offutt of Indiana, Pa., an uncle of the bride. Rev. A. M. Stevenson, pastor of the Presbyterian church assisted.

The bridal party entered to the beautiful strains of Lohengrin's traditional wedding march. The lovely church was transformed into a bower of roses, smilax, palms and ferns with tall gleaming tapers lending dignity to the beautiful surroundings.

The bride was attired in an ivory satin robe, de style, trimmed in duchesse lace. Her cap was fashioned of old lace, an heirloom of the Offutt family, and from it floated her long veil. A shower bouquet of Bridal roses and Valley lilies completed an enchanting bridal picture.

Miss Mary Maxwell Offutt, as maid-of-honor, wore a peach colored lace gown and carried a beautiful bouquet. Miss Virginia Thompson, Miss Lucille Fisher of this city and Miss Lucille Crahan of Ponca City, Oklahoma, formed the attendants and each was attired in an attractive gown of lace in the pastel shades. Mrs. R. C. Stiefel wore a charming ensemble in Charbonnet. Walter Smith, a schoolmate of the groom, acted as best man, and the ushers were Messrs. John Hoberling, Norman Reare and Paul Miller of this city. The bride was given in marriage by her father, J. W. Offutt.

The church was crowded with friends of the young couple, who have been residents of this city all their lives, and have a host of friends. At the conclusion of the ceremony the wedding party drove to the Offutt residence where a reception was held for fifty intimate friends. The home was decorated with ferns, smilax and cut flowers.

The bridal party received the guests after which a delicious menu was served buffet style to the guests, while the bridal party formed a table for fourteen which was set in the dining room. The table was centered with the traditional wedding cake, a lovely affair, flanked with roses and tall tapers.

At the conclusion of the festivities, the young couple left on a post-nuptial tour, the destination of which has been kept secret. However, they expect to be gone some time, and upon their return will occupy one of the apartments in the Hartman family home, one of the first built here, which is being remodeled into a duplex building.

Mrs. Stiefel, Jr. is a graduate of the local high school and National Park school in Washington D. C. Carl Stiefel is a graduate of Hill and Kingsley schools, N. J., and the University of Michigan and is vice-president of the Peoples National Bank of this city.

Orphans' Home Is 75 Years Old, Celebration Today

The Orphans' Home and Farm school of the Pittsburgh Synod of the Evangelical Lutheran church at Zelienople, Pa., is holding a diamond jubilee celebration in observance of the seventy-fifth anniversary of the founding of the institution today.

A pageant by the children is one of the principle features for the observance. An address was made by the Rev. Dr. Ellis B. Burgess, president of the Pittsburgh Synod.

The home was founded by the Rev. W. A. Passavant, who assuming the entire obligation on his own initiative proceeded to make plans for establishing the institution. This was eight years after the establishing of the Pittsburgh Synod of the Evangelical Lutheran church. The first main building was constructed in 1854 and was destroyed by fire eight years later. The present main structure was built in 1899.

Steele Sisters Present Pupils

ELLWOOD CITY, June 26.—Mrs. Martha Steele Person and Miss Louise Steele of Smiley Stop presented their pupils at a pretty recital Tuesday evening in the auditorium of the Slippery Rock church. The platform was decorated with garden flowers, making a pretty setting for the duet numbers, quartettes and solo selections.

The piano pupils were under the direction of Miss Louise Steele, and those taking part were: Margaret Fehl, Ruth Bright, Leslie Houk, Ida Rozka, Viola Houk, Billie Koch, John Meelan, Mildred Vogler, Alice Corbin, Eleanor Shaffer, Dorothy Strohecker, Martha Forman, Mrs. Herbert Reno, Beulah Robinson, James Evans, Jr., Eleanor Curry, Isabel Steele, Catherine Wiley and Frances Wehr.

Mrs. Martha Steele Person presented her students of the violin as follows: Warren Weyman, Charles Drake, Betty Corbin, Mervin Cunningham, Gerald Barnett, Robert Curry, Clayton Vogler and Edna Meyers.

During the intermission a specialty was introduced, the violin quartette from the Smith-Williams Institute of New Castle.

At the conclusion of the festivities, the young couple left on a post-nuptial tour, the destination of which has been kept secret. However, they expect to be gone some time, and upon their return will occupy one of the apartments in the Hartman family home, one of the first built here, which is being remodeled into a duplex building.

Modern Bridge Club To Honor Member

ELLWOOD CITY, June 26.—Members of the Modern Bridge club will entertain at a dinner party July 3 at the Ellwood City Country club in honor of one of their club members, Miss Mary Sakradl, whose marriage to Edward Kuntz of Indianapolis will be an event of July 24 in Beaver Falls. Miss Sakradl entertained the club members last night at her home in Beaver Falls with three tables in play, and at the conclusion of a pleasant evening score honors went to Miss Mary Elizabeth Turner, Miss Edrye Moyer and Miss Tess Miller.

Delicious refreshments concluded the pleasant meeting.

Detour Effective To New Castle

ELLWOOD CITY, June 26.—Owing to the fact that the bridge over the R. R. and P. railroad near Cascade Park is being paved, the detour which was traveled last year is again in effect for Ellwood residents going to New Castle.

In dry weather the detour is passable, but in wet weather, being of clay foundation, the best route to take to New Castle is via Wampum, which brings the motorist in at the upper end of Washington street. The route is a little longer, but there is no danger of motorists being delayed by mud etc.

Rehearsal Dinner At Country Club

ELLWOOD CITY, June 26.—Nuptial attendants of Miss Juliet Offutt enjoyed a rehearsal dinner tendered by Mrs. R. C. Stiefel, mother of the groom, Tuesday evening at the Ellwood City Country club.

At the conclusion of the delicious menu the party repaired to the Presbyterian church for a rehearsal of the wedding which took place at noon today. The first two pews of the church were removed to make more room for the bridal party.

MEN'S CLUB MEETING
ELLWOOD CITY, June 26.—Members of the Men's club of the Slippery Rock Presbyterian church will enjoy a meeting at the church Thursday night. Rev. E. D. Maxwell of the Reformed church will give an address.

Wanted Dead or Alive

This is Willie Doody, Chicago gunman, known as "Baby Face," who would be a picturesque desperado if he hadn't staged more miscellaneous killings than are decent, even for a gunman. He is charged with killing Leon Raymond, a druggist, with shooting and almost fatally wounding Postal Inspector Evan Jackson, Sgt. Clarence Falk of the County Highway Police, and a South side Chicago restaurant man. He is accused of leadership of a band specializing in substitution postal robberies, has staged at least three daring raids in Chicago since the police have been hunting him for the murder of Policeman Levy.

Class 2 Plans To Make Money Soon

ELLWOOD CITY, June 26.—Twenty members of class No. 2 of the Bell Memorial church met at the church Tuesday night for the purpose of planning money-making affairs for the coming year. The devotional service was conducted by Mrs. Scott. The members plan to have a bake sale July 13 and a bazaar in the early fall.

Later a social period was enjoyed and concluded with the serving of light refreshments by Mrs. Cunningham, Mrs. Ed Melroy, Mrs. T. A. E. McConaghy and Mrs. Ed Kilginsmith.

Young People Have Pleasant Picnic

ELLWOOD CITY, June 26.—Thirty members of the Christian Endeavor society of the U. P. church enjoyed a picnic meeting at Lakewood beach Tuesday evening.

A program of sports and games was the plan of entertainment and concluded with a picnic supper served under the trees. Members of the society in charge of the pleasant affair were Miss Frances Kennedy and Miss Mary Ellen Tillia.

Mr. and Mrs. Allison Entertain At Dinner

ELLWOOD CITY, June 26.—Mr. and Mrs. Daniel Allison of the New Castle-Ellwood road entertained Saturday evening honoring their place and her husband Mr. and Mrs. C. W. Pringle, and their son Charles who are visiting here from Pueblo, Colorado. Mr. and Mrs. Pringle are former Butler residents. About 75 were in attendance at the dinner.

Relative Of Local Women On Langley High Honor Roll

ELLWOOD CITY, June 26.—Mrs. Lillian Thomas and daughter Miss Phyllis returned from Pittsburgh yesterday, concluding a visit at the home of Mr. and Mrs. F. M. Fish of Mt. Lebanon. Friday they attended the graduation exercises of the Langley High school which took place in the Carnegie Music hall.

In a class of 151 graduates Jack Fish, son of Mr. and Mrs. F. M. Fish and nephew of Mrs. Lillian Thomas, ranked second highest on the honor roll. Jack was one of three students who gave addresses at the exercises. As salutatorian he gave a fine talk on "Men Who Have Saved Corn", a theme selected by the faculty. The entire class had written themes on this subject and the salutatorian was scheduled to read the best submitted, which turned out to be his own.

Mrs. W. E. Shaner Entertains Class

ELLWOOD CITY, June 26.—Sixteen members of the Isabelle Thoburn class of the Methodist church were entertained Tuesday evening at the home of Mrs. W. E. Shaner on Reservoir Hill. A business meeting was conducted and routine matters transacted. Later followed a social period and delicious lunch with Mrs. Paul Winter, Mrs. Harvey Hartzel and Mrs. R. M. Cole aiding the hostess in serving.

The July meeting will take place on the 30th with place of meeting to be announced later.

New President To Talk To Rotary

ELLWOOD CITY, June 26.—The newly-elected president of the Rotary club, W. L. Dean, will briefly outline his policies for the year at the regular weekly dinner-meeting of the club Tuesday evening in the dining room of the Presbyterian church.

Retiring President H. D. Patterson will give a talk on his recent trip to Dallas, Texas, as delegate to the national Rotarian convention.

W. B. A. Has Short Business Session

ELLWOOD CITY, June 26.—A fair representation of the Women's Benevolent association met Tuesday evening in the lodge rooms in the Schweiger building. A brief business session took place at which time current matters were discussed.

The next meeting of the association takes place July 9, at the headquarters rooms in the Schweiger building.

BIBLE CLASS MEETING
ELLWOOD CITY, June 26.—Members of the Bible Memorial church will meet Thursday night at the home of Frank Blaine of the Ellwood-New Castle road. This will be a regular monthly meeting.

The Story Of The World War
45—How Turkey Entered The War

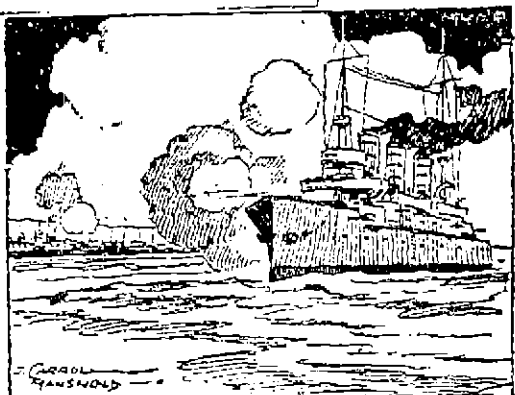

AUGUST 11, 1914, THE GERMAN CRUISERS "GOEBEN" AND "BRESLAU," CHASED FROM THEIR STATIONS IN THE ADRIATIC BY A BRITISH SQUADRON, SOUGHT SHELTER IN THE DARDANELLES. WHEN THE GERMAN VESSELS OVERSTAYED THE TIME LIMIT PROSCRIBED BY INTERNATIONAL LAW, TURKEY, AS A NEUTRAL NATION, WAS SUPPOSED TO INTERN THE WARSHIPS AND THEIR CREWS.

TURKEY PRETENDED TO BUY THE CRUISERS FROM GERMANY, AND THE TURKISH FLAG WAS HOISTED OVER THEM. HOWEVER, THE GERMAN CREWS REMAINED ABOARD THE VESSELS AND, THOUGH THEY EXCHANGED THEIR NAVAL CAPS FOR TURKISH FEZZES, NO ONE WAS DECEIVED.

ENVER PASHA, LEADER OF THE WAR PARTY IN TURKEY, PLOTTED WITH GERMAN DIPLOMATS AT CONSTANTINOPLE TO COMMIT A HOSTILE ACT AGAINST THE ALLIES THAT WOULD PLUNGE TURKEY INTO THE WAR ON THE SIDE OF GERMANY IN SPITE OF THE EFFORTS OF THE TURKISH PACIFISTS TO PREVENT HOSTILITIES.

OCTOBER 29, 1914, THE "GOEBEN" AND SOME TURKISH WARSHIPS, SENT BY ENVER PASHA, SHELLED THE RUSSIAN PORT OF ODESSA ON THE BLACK SEA. FOLLOWING THIS UNPROVOKED ATTACK UPON THEIR ALLY, ENGLAND AND FRANCE DECLARED WAR AGAINST TURKEY ON NOVEMBER 6. RUSSIA DECLARED WAR ON NOVEMBER 11.

Capone Seeking Jail Release On Error In Court

PHILADELPHIA, June 26.—Frankie Capone, sentenced to a year in the county prison for carrying concealed deadly weapons, launched an attempt to gain his freedom today.

Attorneys for the reputed beer baron filed a writ of error commonly known as coram nobis with Judge John W. Walsh in the municipal court. Judge Walsh is the judge who gave Capone his prison sentence.

The writ was filed by Counselman Benjamin Golden, partner of Bernard L. Lumbard, who defended Capone at his trial. The writ contends judgment in the case was erroneous and seeks to have the court reverse its own decision if error is proved.

This action is believed in court circles to be the forerunner of an attempt to secure a new trial for the convict. The name of Frankie Capone, Capone's bodyguard, who was arrested with him and also given a one year sentence, was not included in the petition.

Man Gets Lesser Sentence For
Killing Secret Service
Operator

DENVER, June 26.—Justice took a quick course in the case of John P. Anderson who was given a one year sentence in Jefferson county jail for killing a man and several weeks later sentenced from two to three years in the state penitentiary for owning, operating and possession of a liquor still.

Anderson was convicted of involuntary manslaughter in the shooting to death of James W. (Jimmy) Hair, United States secret service operative when the latter attempted to arrest Anderson in Morrison, Colo., for drunkenness. Anderson drew a gun and killed Hair instantly.

At the time of the killing Anderson was at liberty on bond on the jail charge.

Anderson has served only a few weeks in Jefferson county jail for the killing. He will be transferred to the state prison at Canon City soon it was announced and will not be required to finish his year term in the county jail but will serve it concurrently with the sentence in connection with the liquor charges.

Homestead Girl Left At Church

HOMESTEAD, Pa., June 26.—Eight hundred guests and a prospective bride were assembled in the St. Mary Magdalene Catholic church here today for a wedding ceremony. But no marriage service was read—the bridegroom did not appear.

The disappointed girl was Mary Creeden, 18, of this city, who with her father and the 800 guests waited in vain for more than an hour for the bridegroom. The man failed to appear at the altar was John R. Stacker, 20, also of this city.

The whereabouts of the prospective bridegroom was a mystery as Miss Creeden and the guests departed for their homes.

Royal Equine Life

By QUIN HALL

Travel across the greenward from the curb house or grandstand to the stables where the gees-gees are housed at any track in the country and, after taking a few looks, you'll come to the conclusion that the racing thoroughbreds lead a pretty soft life.

Stick around the same stables from the time the grooms yawn and decide it's time to get up, until the hour when the last of the gallopers are bedded down for the night, and the fact of easy existence in the animal kingdom will be only more firmly impressed on you.

Only a couple of hours' work a day is required from the average galloper and the remainder of his or her time can be spent in wondering when the next meal is going to be served. Their day of toil starts at 4 a. m., when they have their breakfast. Morning workouts constitute their chief efforts for the day with the exception of the days when they are entered in events.

While all gallopers are considered as blue-bloods, all big winners do not cost gangs of money. One year the

gee-gee may be just a racing horse. The next year, the gee-gee may be an idol of the track. Gold mines are often discovered with a grub stake even in the realm of the track.

Man o' War was a bargain horse. Reigh Count was another. The first sold at auction for \$5,000 and won 20 out of 21 races for a total of \$249,463. Reigh Count was shuffled into the discard by a wise owner (Willis Sharpe Kilmer) and is still winning. Minotaur, one of this season's early winners and a horse that looks like a ten-strike, was claimed by Charles Graffagnin, a New Orleans butcher, at Havre De Grace last fall for \$2,500. He was sold one hour before the

Breakneck this spring to J. R. Thompson, Jr., the Chicago horseman, for \$25,000 and a contingent interest in his stake winnings this year. Within an hour after Thompson had completed his purchase, Minotaur was the runner-up to Dr. Freehand in the Breakneck and he is headed for more rich stakes during the summer.

With the purses being enriched each year, it's easy to see why the gallopers get millionaire service.

Page Ad Depicts City In Annual
Pennsylvania Tours
Book

New Castle is the theme of a full page advertisement appearing in the recent annual issue of "Pennsylvania Tours".

Several pictures show phases of the city's industrial and recreational facilities and the reading content states briefly the advantages which are possessed here.

This booklet is perhaps the most used by tourists and those who are seeking locations in the state.

The advertisement is sponsored by the New Castle Chamber of Commerce.

Taxpayers Do Not Get Statements Of Their County Taxes

Statements of county taxes can only be obtained by making request to county treasurer, Adela M. Smiley, either in person or by letter. It was announced this morning. During last winter there was some discussion of a proposition to have cards sent out by the county treasurer to all taxpayers, but owing to the expense involved no action was taken by the county commissioners.

SNAKE BITE IS FATAL TO MULE

CARLISLE, Pa., June 26.—"Out" one good mule, C. A. Grissinger, Huntsdale farmer, is "out" for the poisonous reptile whose venomous bite caused Grissinger to lose the valued animal.

The mule was bitten on the head by a snake while grazing in a pasture. In 24 hours the animal was dead, despite efforts of veterinary surgeons to save its life.

Grissinger holds to the theory that no ordinary snake can kill a mule. Therefore he is "out" for a large copperhead or a nest of copperheads he believes infests his farm land.

COURT OF HONOR. The Lawrence County Council Boy Scouts of America Court of Honor was held at the mayor's office Tuesday evening June 25 at 7:30. Mayor Gillespie acted as chairman of the court with Scout Commissioner Ralph P. Davis, Deputy Commissioner Owen P. Fox and Scoutmaster Ed Schmidt and Earle K. Herbert assisting.

The following boys received badges: John Thompson, Edwin Harper, Frank Baldwin, Heber Baldwin, Jack Stevenson and Howard Gates. Mayor Gillespie presented the Eagle badge to John Thompson, a first Freshwater Scout, No. 17 and read the letter from Chief Scout Executive West of the National Council of New York City.

Gen. Presbyterians Defeat Wesley M. E.

The Central Presbyterians defeated the Wesley M. E. team 8 to 2, in a New Castle Church League game, played at the Scotland Lane field on Tuesday evening. Johnny Meider on the mound for the Presbyterians hurled a great game, limiting the Wesley team to five hits. The Presbyterian had seven hits off Schaas.

Meider, Shoaf, Lannigan and Chill had doubles. The winners had three big innings, the first, second and fourth when they tallied all of their runs.

Minnesota Fliers Are Still In Air

Minnesota Aviators Are Still In
Air After New Record;
Up Over 76 Hours

MINNEAPOLIS, Minn., June 26.—Owen I. Haglund and Charles Johnson, co-pilots of the "Miss Minneapolis," seeking to establish a new endurance record in the air, passed their seventy-sixth hour of continuous flying today.

The plane was on its seventy-second lap over its 80-mile triangular course between Minneapolis, Northfield and Hastings and had covered a distance of 5700 miles, the difference having been lost in refueling.

In traveling 3,760 miles in the air without a stop, the flyers have established a new record for sustained distance flying, the previous official total having been 3,200 miles. The pilots are in good condition and the motor of their plane is working perfectly, they reported in notes dropped.

Take Up Problem Of Legal
Ethics And Proposed
Changes In Crim-
inal Code

—BEDFORD SPRINGS, Pa., June 26.—Faced with the pressing problems of legal ethics, proposed changes in the criminal code and civil procedure, and other questions bound up with the relations of state with each other, the Pennsylvania Bar Association went into session here today at its annual meeting, scheduled to continue three days.

The judicial conference ended its first session since being created at Philadelphia, by voting to make itself a continuing, self-perpetuating body, and to extend its activities and scope.

The 200 justices and jurists from all parts of the state, in a series of private conferences, reached the decision that since a permanent body has been established, the group will work for beneficial changes in procedure not only in criminal cases, but in civil cases and all other actions coming before the courts of the state.

Committees Named

Various committees were appointed by the group of judges yesterday, to investigate and report on branches of activity from possible legislation to rules of evidence in court trials.

Juvenile cases were given consideration, along with a number of other problems, by appointment of a committee headed by Judge Frank P. Wickesham, of Dauphin county.

The conference executive committee of sixteen members was named, under chairmanship of Chief Justice Von Moschulski. Other members were Supreme Court Justice Robert M. Frazer; Judges William H. Keller, Lancaster; William B. Linn, Philadelphia; James C. Gordon, Philadelphia; Robert A. Stott, Boston;

Franklin-Oil City Highway Ready To Be Opened July 4

New Road From Franklin To Oil
City Will Soon Be Opened
For Traffic

HARRISBURG, June 26.—Opening of a new road between Franklin and Oil City for use during the holiday is announced by W. A. Van Duzer, Assistant Chief Engineer of the Pennsylvania Department of Highways. Two and three-quarter miles of concrete, almost entirely on new location, eliminates four grade crossings, a two-mile earth road detour and use of a toll bridge by detoured traffic. The project is on Route No. 8.

"Probably no other construction project of the Department this year will afford so much relief or contribute as much to accident prevention," said Mr. Van Duzer in discussing the new road.

"Route No. 8, extending between the cities of Franklin and Oil City, was crossed at grade by the tracks of the New York Central Railroad Company at a point immediately east of the Village of Reno. Continuing eastward on the south side of these tracks for a distance of 2000 feet, the highway crossed at grade the track of the Erie Railroad Company and followed along the south side of this track for a distance of approximately two miles to a point in Oil City where it recrossed at grade the tracks of both railroad companies.

"From Reno to Oil City the highway was restricted in width by the Allegheny River on the south and the tracks of the Erie Railroad on the north. Immediately north of the Erie Railroad was the New York Central tracks and north of those tracks was a high steep hillside.

"A plan was agreed upon to eliminate the four grade crossings by rebuilding the highway, locating it north of all the tracks for the entire length. To obtain space for the highway between the tracks and the hillside, it was necessary to move the Erie tracks partly onto the old location of the route and to move the New York Central tracks onto location abandoned by the Erie Company.

"The estimated cost to carry out this plan was about \$422,000.

(International News Service)
PITTSBURGH, June 26.—Mrs. W. B. Smith, of Wilksburg, today promised police to continue her single handed cleanup and expose of the liquor traffic in Pittsburgh.

The Smith family was not wealthy. So when Smith, the fifty-four-year-old husband, came home broke, he had to explain to his wife. He had been in a speakeasy, he said, and somebody robbed him of the money the little family was to have used for living expenses, thirty-eight dollars. Mrs. Smith went to the Frankstown avenue police station with her husband, and presented her case to Lieutenant William Fullerton.

"Where is the place?" Fullerton inquired.

"Yes, where is it?" demanded Mrs. Smith insistently. Finally her husband told, and a police squad visited the place, seizing a small quantity of moonshine and arresting the alleged proprietor, Pat Fitzgerald.

Mrs. Smith will appear at a hearing today, she said, to give information against other speakeasies, in a single handed cleanup of the suburb.

Boys At Scout Camp Launch Big Program

The rain of Monday night and Tuesday succeeded in wetting the ground but failed to dampen the ardor of the campers at the local Boy Scout camp. Indoor activities were in full swing during the day as long as the rain fell and in the afternoon it was possible to make use of the numerous playgrounds which the camp affords.

The campfire program last evening was in charge of Harry J. Ziegler. The program was of an important nature and was participated in by all the boys. Hut inspection was won by the Kilt Carson Stockade under the leadership of Mac Leslie. The honor banner was awarded to Kiwanis hut.

The occupants are Grant Brundage, Gale Morrison, Chester Eber, Bill Shira, Jim Foster, Paul Bartel, Bill Brennenman, Roy Morrison, Joe Hanlon, Dave Taylor, Jack Pearson and Bob White.

Boy Scouts camp put in a busy afternoon working on the merit badge in: baskets, baskets, mats and neckerchief slides were made by all the boys and the test was completed

the steps leading to the clubhouse. Mochen was attracted by the infant's cries.

The baby was taken to St. Elizabeth's Hospital.
